PUBLIC UTILITY COMMISSION
FILING CLERK

To Whom It May Concern,

I received notification that Undine Texas Environmental, LLC has submitted an application to amend uncertificated area to CCN No. 13260, to purchase all of the water facilities, and to transfer water certificated service area under CCN No. 11982 in Brazoria County, TX from Orbit Systems, Inc. I object to the proposed new rates.

It is my opinion that this will cause an undue hardship on senior citizens and others who are living on a fixed income or are considered low income. I am a Disabled Vet and have been treated for cancer over the last five years. We are already financially strapped due to COVID-19 supply issues and rising inflation costs over the past three years. Many of the families in this area are financially disadvantaged and live on fixed incomes like myself. We are being hit left and right with higher prices and feel that we are not able to bear another rate increase.

As instructed in the notification, I'm sending this letter to request that the Commission intervene to stop the purchase and transfer of the water services. If this is not possible, I'm requesting that the Commission at least require Undine to reduce the new rate to a reasonable rate. See below for property owner's name, address and email address.
