It helped Brazosport control the game with sweeper Brooklyn Rhoades and stopper Ariana Rendon. Those two and defensive wingers Samantha Kaale and Daniela Gutierrez clamped down on Caydance Lobdell, Chesnee Mathis and Madison Warner to lead Brazosport to its sixth clean sheet this season and second in district play.

"I'll tell ya, Dani, that is only the second time she has played that position (side defender) ... she is a work in progress," Brazosport coach Robert Nicoll said. "She hustles to the ball, she won the ball, she was stepping in front of them and she was definitely a game changer."

"And as she was doing that, I noticed the other ones were starting

to follow, so she was a trendsetter tonight, and she kept the defense rallied."

It also doesn't hurt to have a goalkeeper in Lizet Jimenez, who has proven she can stop anything in the goal, including Lobdell's penalty kick in the seventh minute.

Despite surrendering two goals, Moore finished with nine saves.

"She did awesome. She has improved tremendously," Rakowitz said. "She is a great kid who works so hard, and she is very smart, which helps her read, and she knows when to go or when to stay."

"Her and the defense have done phenomenal this year. We have a sophomore sweeper (Norah Sparks) who has never played sweeper before, but she's fast, and she has done phenomenal. I am proud of them. They are young, but they're getting better every day."

The win puts the Lady Ships (4-2-

0, 7-5-2) firmly in third place ahead of the Lady Dogs (2-3-1, 2-7-2) with the end of the first round of district play.

"We're playing better ball than when we first started," Nicoll said. "I think the Needville game this coming Saturday will be much more competitive. I'd like us to play like we did against Columbia. All we are doing is trying to fine-tune."

"We want to make it to the playoffs, we want to make it further than what we have in the last few years and that's our goal. We are getting there."

Brazosport will play Saturday at Needville while Sweeny will host Stafford to stay in fourth place. The two teams played to a 0-0 draw in the district opener.

Tech

CONTINUED FROM COVER

Marcus Carr led the Longhorns with 23 points, and Disu scored 11.

Texas Tech scored on seven consecutive possessions spanning halftime, taking a 51-38 lead. Texas used a 12-4 spurt to get within 59-54, and a 3 by Tyrese Hunter trimmed it to 64-61 before Disu's tying shot.

Harmon had 21 points in the first half and scored his team's final seven as the Red Raiders took a 44-35 lead at the break. Both teams connected on more than 45% of their shots. Tech went 7 of 12 from 3-point range, and

Texas countered by shooting 6 for 11 from beyond the arc.

After the Longhorns pulled to 37-35 on Carr's 3-pointer with 1:40 remaining in the half, Harmon answered with a short jumper in the lane, two free throws and a 3-pointer as the buzzer sounded.

BIG PICTURE

Texas Tech has won 10 of the past 12 meetings and holds a 37-29 edge in Lubbock.

The requested area overlaps the district boundaries of:

- Brazoria County Drainage District 5
- Port Freeport
- West Brazoria County Drainage District 11

If these districts do not request a public hearing, the Commission shall determine that the district is consenting to Undine Texas Environmental, LLC's request to provide retail sewer utility service in the requested area.

The sale is scheduled to take place if approved by the Commission (Texas Water Code § 13.301). The transaction and the transfer of the CCN includes the following:

The requested area includes 195 customer connections, is located approximately 2 mile(s) north of downtown Bonney, Texas, and is generally bounded on the north by Farm to Market 1462; on the east by County Road 7977; on the south by County Road 841; and on the west by Farm to Market 521.

The requested area includes approximately 152 acres, comprised of:
6 acres of uncertificated area;
146 acres of transferred area from Orbit Systems, Inc. (CCN No. 20682) to Undine Texas Environmental, LLC (CCN No. 20816).

The application proposes the subtraction of approximately 146 acres from CCN No. 20682 and the addition of approximately 152 acres to CCN No. 20816.

A copy of the map showing the requested area is available at: 17681 Telge Road, Cypress, Texas 77429

The proposed transaction may change the current customers' rates and services to the current approved rates and services of Undine Texas Environmental, LLC (in tariff as Rate Year 3 effective August 1, 2022), which are higher than the current rate for a 5/8" meter for Orbit Systems, Inc. To view a copy of the current approved tariff, go to: <https://www.undinellc.com/wp-content/uploads/Undine-Texas-Environmental-LLC-Sewer-Tariff.pdf> or email info@undinellc.com or call 713-574-5953 to request a copy.

Persons who wish to intervene in the proceeding or comment upon action sought should contact the Public Utility Commission, P.O. Box 13326, Austin, Texas 78711-3326, or call the Public Utility Commission at (512) 936-7120 or (888) 782-8477. Hearing- and speech-impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136. The deadline for intervention in the proceeding is (30 days from the mailing or publication of notice, whichever occurs later, unless otherwise provided by the presiding officer). You must send a letter requesting intervention to the commission which is received by that date. The letter must include the person's name, address, email address and fax number if applicable.

If a valid public hearing is requested, the Commission will forward the application to the State Office of Administrative Hearings (SOAH) for a hearing. If no settlement is reached and an evidentiary hearing is held, SOAH will submit a recommendation to the Commission for a final decision. An evidentiary hearing is a legal proceeding similar to a civil trial in state district court.

A landowner with a tract of land at least 25 acres or more, that is partially or wholly located within the uncertificated requested area, may file a written request with the Commission to be excluded from the requested area ("opt out") within (30) days from the date that notice was provided by the Utility. All opt out requests must include a large-scale map; a metes and bounds description of the landowner's tract of land, landowner's name, address, email address and fax number, if applicable.

Persons who wish to request this option should file the required documents with the:

Public Utility Commission of Texas
Central Records
1701 N. Congress, P. O. Box 13326
Austin, TX 78711-3326

In addition, the landowner must also send a copy of the opt out request to the Utility. Staff may request additional information regarding your request.
