Instructions for Recipient

4.4

You received this form instead of Form W-2 because the payer did not consider you an employee and did not withhold income tax or social security and Medicare tax.

If you believe you are an employee and cannot get the payer to correct this form, report this amount on the line for "Wages, salaries, tips, etc." of Form 1040, 1040-SR, or 1040-NR. You must also complete Form 8919 and attach it to your return. For more information, see Pub. 1779, Independent Contractor or Employee.

If you are not an employee but the amount in this box is not self-employment (SE) income (for example, it is income from a sporadic activity or a hobby), report this amount on the "Other income" line (on Schedule 1 (Form 1040)).

Recipient's taxpayer identification number (TIN). For your protection, this form may show only the last four digits of your TIN (social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN)). However, the issuer has reported your complete TIN to the IRS.

Account number. May show an account or other unique number the payer assigned to distinguish your account.

Box 1. Shows nonemployee compensation. If the amount in this box is SE income, report it on Schedule C or F (Form 1040) if a sole proprietor, or on Form 1065 and Schedule K-1 (Form 1065) if a partnership, and the recipient/partner completes Schedule SE (Form 1040). **Note:** If you are receiving payments on which no income, social security, and Medicare taxes are withheld, you should make estimated tax payments. See Form 1040-ES (or Form 1040-ES (NR)). Individuals must report these amounts as explained in these box 1 instructions. Corporations, fiduciaries, and partnerships must report these amounts on the appropriate line of their tax returns.

Box 2. If checked, consumer products totaling \$5,000 or more were sold to you for resale, on a buy-sell, a deposit-commission, or other basis. Generally, report any income from your sale of these products on Schedule C (Form 1040). Box 3. Reserved for future use.

Box 4. Shows backup withholding. A payer must backup withhold on certain payments if you did not give your TIN to the payer. See Form W-9, Request for Taxpayer Identification Number and Certification, for information on backup withholding. Include this amount on your income tax return as tax withheld. **Boxes 5–7.** State income tax withheld reporting boxes.

TO: Persons on the attached mailing list.

- RE: Lake Lorraine Civic Organization, Inc. TCEQ Docket No. 2013-1195-UCR; SOAH Docket No. 582-13-5595 Certificate of Convenience and Necessity No. 11357
- This letter is your notice that the Texas Commission on Environmental Quality (TCEQ) executive director (ED) has issued final approval of the above-named application. According to 30 Texas Administrative Code (TAC) Section 50.135 the approval became effective on the date the ED signed the approval. A copy of the final approval is enclosed and cites the effective date.

You may file a **motion to overturn** with the chief clerk. A motion to overturn is a request for the commission to review the TCEQ ED's approval of the application. Any motion must explain why the commission should review the TCEQ executive director's action. According to 30 TAC Section 50.139 an action by the ED is not affected by a motion to overturn filed under this section unless expressly ordered by the commission.

A motion to overturn must be received by the chief clerk within 23 days after the date of this letter. An original and 7 copies of a motion must be filed with the chief clerk in person, or by mail to the chief clerk's address on the attached mailing list. On the same day the motion is transmitted to the chief clerk, please provide copies to the applicant, the ED's attorney, and the Public Interest Counsel at the addresses listed on the attached mailing list. If a motion to overturn is not acted on by the commission within 45 days after the date of this letter, then the motion shall be deemed overruled.

You may also request **judicial review** of the ED's approval. According to Texas Water Code Section 5.351 a person affected by the ED's approval must file a petition appealing the ED's approval in Travis County district court within 30 days after the <u>effective date</u> <u>of the approval</u>. Even if you request judicial review, you still must exhaust your administrative remedies, which includes filing a motion to overturn in accordance with the previous paragraphs.

Individual members of the public may seek further information by calling the TCEQ Public Education Program, toll free, at 1-800-687-4040.

Sincerely,

Bridget C. Boha

WATER RATE/TARIFF CHANGE APPLICATION OF LAKE LORRAINE CIVIC ORGANIZATION, INC., CERTIFICATE OF CONVENIENCE AND NECESSITY (CCN) NO. 11357, IN MONTGOMERY COUNTY BEFORE THE TEXAS

ENVIRONMENTAL QUALITY

<u>ORDER</u>

ξ

On February 1, 2013, Lake Lorraine Civic Organization, Inc. (Applicant) filed a rate change application for an increase in retail water rates with the Texas Commission on Environmental Quality (Commission or TCEQ) pursuant to Texas Water Code (TWC) § 5.122 and Title 30, Chapter 291 of the Texas Administrative Code (TAC). The Applicant is a public utility as defined in TWC § 13.002(23), holds CCN No. 11357, and provides retail water service in Montgomery County. The application was accepted for filing on February 19, 2013 and assigned Application No. 37527-R.

Notice of the rate change with a proposed effective date of April 7, 2013, was provided by the Applicant to customers on or about January 28, 2013. The notice of the rate increase complied with TWC § 13.187 and 30 TAC § 291.22 and was sufficient to place affected persons on notice of the proposed rate increase. At least ten percent of the Applicant's ratepayers protested the application and the matter was referred to the State Office of Administrative Hearings (SOAH) for a contested case hearing pursuant to 30 TAC § 291.28.

A preliminary hearing in this matter was held at SOAH in Austin, Texas, on September 5, 2013. The Honorable Administrative Law Judge (ALJ) Henry D. Card established jurisdiction on behalf of the Commission and designated the following parties: 1) the Applicant; 2) the Commission's Executive Director; 3) the Commission's Office of Public Interest Counsel; 4) Elizabeth Neighbor (protestant); and 5) Gary Noe (protestant). The parties established a procedural schedule at the preliminary hearing.

The parties subsequently agreed to mediation and on March 28, 2014, ALJ Card referred the matter to the Commission's Alternative Dispute Resolution program. Formal mediation efforts were unsuccessful but the parties continued to negotiate.

On June 4, 2014, the Applicant filed an Announcement of Settlement and Motion to Remand. On June 6, 2014, ALJ Card granted the motion and remanded the matter to the Executive Director for processing pursuant to 30 TAC § 80.101.

The rate structure agreed to by the designated parties, to be effective May 1, 2014, is just, reasonable, and adequate to allow the utility to recover its cost of providing service, as required by TWC § § 13.182 and 13.183. Attached is a tariff reflecting the agreed upon rates.

NOW, THEREFORE, BE IT ORDERED BY THE TEXAS COMMISSION ON ENVIRONMENTAL QUALITY that:

 The application of Lake Lorraine Civic Organization, Inc., for a water rate change is approved as settled and as reflected in the attached tariff.
 The Chief Clerk of the Texas Commission on Environmental Quality shall forward a copy of this order to the parties.

3. Unless previously provided, the Applicant shall provide written notice of the final rate structure approved in this proceeding to all affected customers within the next billing cycle after issuance of this Order.

4. If any provision, sentence, clause, or phrase of this Order is for any reason held to be invalid, the invalidity of any portion shall not affect the validity of the remaining portions of the Order.

II-1 - PRODUCTION

FOR TEST YEAR ENDED: 12/31/2021

II-1(a): WATER & SEWER PRODUCTION: (COMPANIES WITH METERED RATE CUSTOMERS)

There is a known issue with the master meter. It was showing 217,000 gallons less than the readings form the individual meters attached to the homes. MUD 4 is aware of this and had decided to not replace the turbine meter at this time.			A	В	C= A+B	D

Provide all calculations and explanations for any differences between the applicant's annual report and the items requested on this schedule.

Known and measurable calculations and explanations:

The utility company that provides for billing acknowledges that there is an issue with the main meter. This would have to be done at the expense of the water provider, MUD #4 and they have decided not to incur this expense at this time.

INSTRUCTIONS: This page is required to support Schedule I-1 Rev Requirement. Complete the columns A and B with historical financial data for the last two record periods and column C with the actual financial data for the test year. Indicate the kinds of expenses included in this account by identifying all large* items in Schedule II-4 Large Items Identified. The known and measurable (K&M) change column represents the total change in expenses anticipated for the year after the test year. Identify all K&M expenses anticipated in Schedule II-5 Known & Measurable Revenues or Expenses Justifications. The K&M amount represents only the increase or decrease in line item expense from the test year.

If the actual for the Test Year is higher than previous years, explain the increase. * A large item is more than 10% of the test year account balance and more than \$1,000.

II-8 RATE CASE EXPENSE

FOR THE TEST YEAR ENDED: 12/31/2021

INSTRUCTIONS: List the amount spent on rate case expense. Provide the items comprising the rate case expense claim (include the actual billings or invoices in support of each kind of rate case expense) and the items comprising the actual expenses of the rate case. Invoices should include number of hours billed, hourly rate, and services performed for each block of time billed, and the name of the person providing the service. Include a detailed list of travel, entertainment, meals expense included in rate case expense specifically by item with an attached invoice, and summarized by type of expense. Record Commission filing fees or fees to consultants, attorneys, etc. in formal and informal rate cases, complaints, or other dealings with the Commission, which are not reported under Professional Services.

Typically, the commission allows recovery of rate case expense through a surcharge.

If the applicant does not file every year, the expense must be amortized over the time between filings and only one year's worth should be charged to customers. Add additional pages if necessary.

SCH	EDULES FOR CLASS C RA	TE/TARIFF CHANGE	
111-5 W	ORKING CASH ALLOWA	NCE CALCULATIONS	
FOR	THE TEST YEAR ENDED:	12/31/2021	

For Class C Utilities, one-twelfth of O&M expense (excluding amounts charged to O&M expense for materials, supplies, expenses recovered through a pass-through provision or through charges other than minimum monthly charge and gallonage charges, and prepayments) will be considered a reasonable allowance for cash working capital. For purposes of working capital calculations, O&M expense does not include depreciation, other taxes, or federal income taxes.

1. No working cash allowance is permitted when a utility bills its customers in advance and provides service to flat rate customers only. Sewer connections count for the purposes of this schedule.

2. A utility which has all metered customers and bills monthly must divide its annual Operating and Maintenance (O&M) expenses (excluding all taxes and depreciation) by 12 if it is a Class C utility, or by 8 if it is a Class D utility filing a Class C package to calculate working cash allowance. An example follows:

	Class C	Class D
1. Annual Expenses	\$70,000	\$70,000
2. Taxes and depreciation	(10,000)	(10,000)

contingency cost. The interconnect facilities between MCUD 4 and LAKE LORRAINE shall include a one-way flow master meter with a vault. The District will attempt to locate the master meter and vault in the existing road right-of-way but if this location is not feasible, then the master meter shall be located in an easement dedicated to MCUD 4 by LAKE LORRAINE.

Section 2.02. <u>Inspection</u>. Representatives of both parties shall have access at all reasonable times to the facilities constructed pursuant to Section 2.01 and may make such inspections thereof as the parties shall deem necessary or desirable.

Section 2.03. <u>Backflow Prevention Device Requirement</u>. The District will require LAKE LORRAINE to install an air gap at LAKE LORRAINE's existing water supply plant. The District will require the air gap to be inspected by the District's Operator once installed and as often as MCUD 4 determines that an inspection is necessary.

Section 2.04. <u>Ownership and Maintenance</u>. LAKE LORRAINE will own and shall be responsible for repairs and maintenance to all services lines and facilities required to transport water from the Master Meter, with the costs of such maintenance and/or repairs to be incurred by LAKE LORRAINE. MCUD 4 will own and shall be responsible for repairs and maintenance to all services lines and facilities required to transport water to the Master Meter, with the costs of such maintenance and/or repairs to be incurred by MCUD 4. If LAKE LORRAINE fails to make any necessary repairs and/or perform the required maintenance on any or all service lines and facilities required to transport water to or from the Master Meter, MCUD 4 reserves the right to make any necessary repairs or perform any necessary maintenance to any or all of the service lines and facilities required to water from the Master at a cost to be incurred by LAKE LORRAINE. MCUD 4 also reserves the right to calibrate the Master Meter with the cost to be incurred by LAKE LORRAINE as often as MCUD 4 observes that a calibration is necessary.

Section 2.05. <u>Title to Water</u>. Title to, possession, and control of the water shall remain in MCUD 4 until it passes through a Point of Delivery for water, whereupon title to, possession, and control of the water shall pass from MCUD 4 to LAKE LORRAINE.

ARTICLE III OPERATION COSTS/BILLING

Section 3.01. <u>Cost of Water</u>. Commencing on the date LAKE LORRAINE first accepts water from MCUD 4, in addition to the payment set forth in Article I herein, LAKE LORRAINE hereby agrees to pay a monthly minimum rate for water equal to two (2) times the rates pursuant to Section 3.07, Monthly Rates for Water Service to Apartments, of the District's Rate Order. A copy of the District's Rate Order is attached hereto as <u>Exhibit "A."</u> The District's Rate Order will be amended from time to time and the District shall provide any amendments to the Rate Order to LAKE LORRAINE.

Section 3.02. <u>Billing</u>. LAKE LORRAINE shall make payment to MCUD 4 for the water received on a monthly basis commencing on the date LAKE LORRAINE first receives water from MCUD 4 in accordance with this agreement.

3.02. <u>Monthly Rates for Residential Water Service</u>. The following rates per month, or any part thereof, shall be charged for Residential water service furnished by the District to each Customer Connection in every instance in which a different charge is not expressly and clearly provided for herein:
