RE: Project No. 53665 - *Application of Azure Sky Wind Project, LLC to Amend its Power Generation Company Registration*

### RECOMMENDATION

On May 27, 2022 Azure Sky Wind Project, LLC (Azure Sky or the Company) filed an application for an amendment to its power generation company registration (Application) pursuant to 16 Texas Administrative Code (TAC) § 25.109. Azure Sky stated that an amendment is necessary to update Facility/output capacity change from 350 MW to 350.15 MW. The Company's registration number is 20591.

After a review of Azure Sky's application, I have concluded that the applicant has satisfactorily completed the post-registration requirements under 16 TAC § 25.109(h) by notifying the Commission of any material change in the information provided on the registration form within 45 days of the change. Therefore, I recommend that Azure Sky Wind Project, LLC's application for an amendment to its power generation company registration be granted. The Commission records should be revised to reflect the updated capacity change from 350 MW to 350.15 MW.
