ENTERGY TEXAS, INC.’S STATEMENT OF INTENT AND APPLICATION FOR AUTHORITY TO CHANGE RATES	§ § § § §	BEFORE THE STATE OFFICE OF ADMINISTRATIVE HEARINGS
--	----------------------------------	---

**ENTERGY TEXAS, INC.’S FIRST PETITION FOR REVIEW OF
MUNICIPAL ORDINANCES AND MOTION TO CONSOLIDATE**

Pursuant to PURA¹ § 33.051, Entergy Texas, Inc. (“ETI” or the “Company”) hereby submits this First Petition for Review of Municipal Ordinances, appealing the decisions adopted by the cities listed in Exhibit A to deny ETI’s Statement of Intent and Application for Authority to Change Rates. ETI also moves to consolidate this appeal with the above-captioned proceeding. This Petition is timely because it is filed within 30 days of each City’s final decision.² In support of this Petition and Motion, ETI shows the following:

I. JURISDICTION

The Public Utility Commission of Texas (“Commission”) has jurisdiction over this Petition and Motion pursuant to PURA §§ 32.001, 33.051, 33.053, 33.054, and 36.001.

II. REQUEST FOR REVIEW AND CONSOLIDATION

On July 1, 2022, ETI filed with the Commission a Statement of Intent and Application to change its electric utility rates (“Application”). ETI concurrently filed the Application with the cities in ETI’s service territory that had retained original jurisdiction over ETI’s rates within their municipal boundaries. In the ordinances identified in Exhibit A and attached to this Petition as Exhibit B, the cities declined to approve ETI’s requested rate changes.

¹ Public Utility Regulatory Act, Tex. Util. Code §§ 11.001-66.016 (“PURA”).

² PURA § 33.053(b).

ETI therefore requests that the Commission exercise its appellate jurisdiction to conduct a *de novo* review of the listed actions denying ETI's Application, consolidate this appeal with Docket No. 53719, and establish the final rates that the cities would have set by approving ETI's Application. This appeal involves issues of law and fact common to those involved in Docket No. 53719. Further, separate hearings on this appeal and Docket No. 53719 would result in unwarranted expense, delay, and substantial injustice.³

III. CONCLUSION

For the foregoing reasons, ETI respectfully requests that the Commission grant this Petition for review of the municipal actions set forth in Exhibit B, Motion to Consolidate, and the relief requested in ETI's Application.

³ See 16 Tex. Admin. Code § 22.34(a).

Dated: July 29, 2022

NOTICE OF RATE CHANGE REQUEST

On July 1, 2022, Entergy Texas, Inc. (“ETI” or the “Company”) filed its STATEMENT OF INTENT AND APPLICATION FOR AUTHORITY TO CHANGE RATES (“Application”). ETI filed its Application with the Public Utility Commission of Texas (“Commission”) and with the municipal authorities in its service territory that have original jurisdiction over the Company’s electric rates.

Statement of Intent to Change Rates

In the Application, ETI proposes an increase in its base rates designed to collect a total non-fuel retail amount for ETI of approximately \$1.2 billion per year, which is an increase of approximately \$131.4 million, or 11.2%, compared to adjusted test year retail base rate and rider revenues, exclusive of fuel revenues. This proposal represents an increase in overall revenues, including fuel, of 6.95%.

The Application is based on a 12-month test year ending December 31, 2021. ETI requests inclusion in rate base of capital additions closed to plant in the period of January 1, 2018 through the end of the test year.

In addition to approval of ETI’s reasonable and necessary operating expenses and capital additions closed through December 31, 2021, the Application also includes the following requests, among others:

- approval of a request to place in base rates costs currently being recovered through ETI’s Generation Cost Recovery Rider, Distribution Cost Recovery Factor and Transmission Cost Recovery Factor;
- approval of two new voluntary riders to address its customers’ increasing adoption of transportation electrification (“TE”) technologies;
- approval of the Green Future Option Schedule tariff, which would provide a new voluntary option for ETI customers to receive benefits of renewable power associated with ETI’s utility-scale renewable resources;
- approval of the Market Valued Demand Response (“MVDR”) Rider, which is designed to facilitate the transparency of ETI’s customers and aggregators of those customers in providing demand response solutions;
- approval of a limited-term Rate Case Expense (“RCE”) Rider to recover approximately \$9.2 million over three years, which includes currently estimated costs associated with this proceeding and the actual costs incurred in ETI’s prior fuel reconciliation (Docket No. 49916);
- approval of multiple tariff changes described ETI’s Application and accompanying testimonies;
- approval of new depreciation rates; and
- approval of requested waivers to certain Commission rules.

To the extent a proposed new rider or schedule is not approved as a separate rider or schedule,

ETI proposes to recover such costs through its base rates.

Effect on Customer Classes

The rate change proposed in the Application will affect all customers and classes of customers receiving retail electric service from ETI. The following table shows the effect of the proposed base rate, rider and tariff changes on existing rate classes:

Rate Class	Number of Customers at Test Year End	Change in Non-Fuel Revenues*	Change in Total Revenues**
Residential	422,815	13.68%	9.84%
Small General	38,207	7.12%	5.10%
General	20,085	8.52%	5.55%
Large General	390	6.29%	3.65%
Large Industrial Power	124	9.28%	3.86%
Lighting	2,744	11.38%	9.40%
Total Retail	484,365	11.20%	6.95%

* Includes the effects of changes to base rates and ongoing and new riders.

** Includes fuel revenues as well as the effects of changes to base and ongoing and new riders.

The Application proposes an effective date for this rate change of 35 days after the date of this filing. Accordingly, the proposed effective date is August 5, 2022. The proposed effective date is subject to suspension and extension by actions of the Commission or other regulatory authorities.

Contact Information

Persons with questions or who want more information on this petition may contact ETI at Attn: Customer Service, 350 Pine Street, Beaumont, Texas 77701, or call (866) 981-2602 during normal business hours. Persons may also email tcr@entergy.com with questions or to request more information or a copy of the Application. A complete copy of this Application, including the Rate Filing Package, is available for inspection at the address listed above.

Persons who wish to intervene in or comment upon these proceedings should notify the Public Utility Commission of Texas (commission) as soon as possible, as an intervention deadline will be imposed. A request to intervene or for further information should be mailed to the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326. Further information may also be obtained by calling the Public Utility Commission at (512) 936-7120 or (888) 782-8477. Hearing- and speech-impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136. The deadline for intervention in the

proceeding is 45 days after the date the application was filed with the commission. All communications should refer to Docket No. 53719.

Since March 2020, the preferred method for you to file your request for intervention is electronically, and you will be required to serve the request on other parties by email. Therefore, please include your own email address on the intervention request. AN ORDINANCE BY THE CITY COUNCIL OF THE CITY OF MADISONVILLE, TEXAS, DENYING THE RATE CHANGE APPLICATION REQUESTED SUMMARIZED IN ENTERGY TEXAS, INC.'S ("ETI" OR "COMPANY") STATEMENT OF INTENT FILED WITH THE CITY ON JULY 1, 2022; FINDING AND DETERMINING THAT THE MEETING AT WHICH THIS ORDINANCE WAS CONSIDERED WAS OPEN TO THE PUBLIC AND IN ACCORDANCE WITH TEXAS LAW; PROVIDING FOR SEVERABILITY; PROVIDING FOR PUBLICATION; AND ESTABLISHING AN EFFECTIVE DATE.

WHEREAS, pursuant to §33.001 of the Public Utility Regulatory Act, the City of Madisonville, Texas has exclusive, original jurisdiction over the electric rates, operations, and services provided within city limits by the Company;

WHEREAS, ETI filed with the City its Statement of Intent and *Application of Entergy Texas, Inc. for Authority to Change Rates* ("Statement of Intent"); and

WHEREAS, the City has duly noticed its consideration of the Company's Statement of Intent and is acting within its authority under applicable law;

**NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF
MADISONVILLE, TEXAS**

SECTION 1. It is hereby found and determined that said meeting at which this Ordinance was passed was open to the public, as required by Texas law, and that advance public notice of the time, place, and purpose of said meeting was given.

SECTION 2. The recitals above are found to be true and correct.

SECTION 3. ETI's request to modify its rate schedule is denied contained in its Statement of Intent and *Application of Entergy Texas, Inc. for Authority to Change Rates* filed with the City on July 1, 2022.

SECTION 4. Severability. It is hereby declared that the sections, paragraphs, sentences, clauses, and phrases of this ordinance are severable and, if any phrase, clause, sentence, paragraph, or section of this ordinance shall be declared unconstitutional or invalid by the valid judgment or decree of any court of competent jurisdiction, such unconstitutionality or invalidity shall not affect any of the remaining phrases, clauses, sentences, paragraphs, and section of this ordinance, because the same would have been enacted by the City Council without the incorporation of any such unconstitutional phrase, clause, sentence, paragraph, or section.

SECTION 5. Effective Date. This ordinance shall become effective immediately from and after its passage and publication in accordance with the provisions of the Texas Local Government Code and the City Charter.

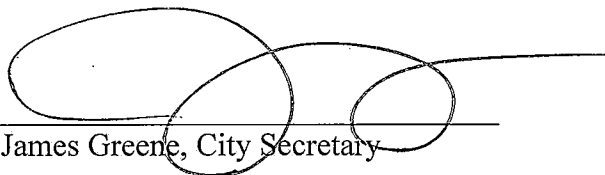

SECTION 6. Repealer. All ordinances and parts thereof in conflict herewith are hereby expressly repealed insofar as they conflict herewith.

ETI filed its Application with the Public Utility Commission of Texas ("Commission") and with the municipal authorities in its service territory that have original jurisdiction over the Company's electric rates.

Statement of Intent to Change Rates

In the Application, ETI proposes an increase in its base rates designed to collect a total non-fuel retail amount for ETI of approximately \$1.2 billion per year, which is an increase of approximately \$131.4 million, or 11.2%, compared to adjusted test year retail base rate and rider revenues, exclusive of fuel revenues. This proposal represents an increase in overall revenues, including fuel, of 6.95%.

The Application is based on a 12-month test year ending December 31, 2021. ETI requests inclusion in rate base of capital additions closed to plant in the period of January 1, 2018 through the end of the test year.

In addition to approval of ETI's reasonable and necessary operating expenses and capital additions closed through December 31, 2021, the Application also includes the following requests, among others:

- approval of a request to place in base rates costs currently being recovered through ETI's Generation Cost Recovery Rider, Distribution Cost Recovery Factor and Transmission Cost Recovery Factor;
- approval of two new voluntary riders to address its customers' increasing adoption of transportation electrification ("TE") technologies;
- approval of the Green Future Option Schedule tariff, which would provide a new voluntary option for ETI customers to receive benefits of renewable power associated with ETI's utility-scale renewable resources;
- approval of the Market Valued Demand Response ("MVDR") Rider, which is designed to facilitate the transparency of ETI's customers and aggregators of those customers in providing demand response solutions;
- approval of a limited-term Rate Case Expense ("RCE") Rider to recover approximately \$9.2 million over three years, which includes currently estimated costs associated with this proceeding and the actual costs incurred in ETI's prior fuel reconciliation (Docket No. 49916);
- approval of multiple tariff changes described ETI's Application and accompanying testimonies;
- approval of new depreciation rates; and
- approval of requested waivers to certain Commission rules.

To the extent a proposed new rider or schedule is not approved as a separate rider or schedule,

ETI proposes to recover such costs through its base rates.

Effect on Customer Classes

The rate change proposed in the Application will affect all customers and classes of customers receiving retail electric service from ETI. The following table shows the effect of the proposed base rate, rider and tariff changes on existing rate classes:

Rate Class	Number of Customers at Test Year End	Change in Non-Fuel Revenues*	Change in Total Revenues**
Residential	422,815	13.68%	9.84%
Small General	38,207	7.12%	5.10%
General	20,085	8.52%	5.55%
Large General	390	6.29%	3.65%
Large Industrial Power	124	9.28%	3.86%
Lighting	2,744	11.38%	9.40%
Total Retail	484,365	11.20%	6.95%

* Includes the effects of changes to base rates and ongoing and new riders.

** Includes fuel revenues as well as the effects of changes to base and ongoing and new riders.

The Application proposes an effective date for this rate change of 35 days after the date of this filing. Accordingly, the proposed effective date is August 5, 2022. The proposed effective date is subject to suspension and extension by actions of the Commission or other regulatory authorities.
