Subject: Entergy rate increase

Dear chairman and commissioners my name is Timothy McCarver I am assistant pastor for Colony baptist church in Orange County Texas, and I'm writing this message about the entergy rate increase. I feel that the increase is unfair and not practical for this time due to inflation and we have not had an increase in wages. This not only effects my church, but also my personal home, and if you are like myself a board member in the utilities it will effect you as well. I sit on the board of directors for the Mauriceville Municipal Utility District and this rate increases will affect us in that area as well. So I plead to you to join with the voice of the people and stop Entergy from implementing this rate increase. Thank you for your service on the PUC.
God Bless
