**I am requesting to intervene in this proceeding. As an INTERVENOR, I understand the following:**

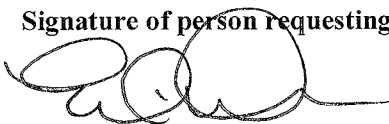

- I am a party to the case;
- I am required to respond to all discovery requests from other parties in the case;
- If I file testimony, I may be cross-examined in the hearing;
- If I file any documents in the case, I will have to provide a copy of that document to every other party in the case; and
- I acknowledge that I am bound by the Procedural Rules of the Public Utility Commission of Texas (PUC) and the State Office of Administrative Hearings (SOAH).

**Please check one of the following:**

- I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- One or more of the utility's proposed routes would cross my property.
- Other. Please describe and provide comments. You may attach a separate page, if necessary.

We own a property where we have started the process of building our new home. More information has been attached.

To Whom it May Concern,

My family and I are in the process of building our new home, we have laid out the dirt for the foundation and have started the process of adding sewage and electricity. We completed the installment of our water well on the property and it is in full functioning capacity. A lot of time and money has been invested on our property and Exhibition #1 runs right through where we laid the dirt for our home and where our water well is located. We would have acted sooner if we knew the exact placement of the exhibition, we were just told that the project was in motion and were under the impression that the lights would be placed by the road. It wasn't until a few days ago, that we learned where it would be running on our land. If you have any questions or require more information about the work that has been done, feel free to contact us.

Thank you,

Duran Family
