The neighbors along Texas Highway 345 (N Sam Houston) are also very concerned. Even though they did not get "La Palma to Kingfisher DOUBLE circuit 345 (KV) transmission lines project packages notifying them of the direct impact on their properties, it will affect and have an impact on their lives too.

Please help these senior citizens by NOT approving this proposed alternative Route #5, Links: A-D-G-I-N-1-N-2-O-Q.

We also oppose to this other route links.

- Route #6 – Links: A-D-G-J-S1-L-AP-N-2-O-Q
- Route #7 – Links: B1- B2- F-G-J-S1-L-AP-N2-O-Q
- Route #19 – Links: A-D-H-K-S1-L-AP-N2-O-Q

I / We support routes and links that run /use EXISTING TRANSMISSION LINES, such as 69KV, 138 KV, 345 KV along already existing transmission lines in San Benito, TX.

We respectfully inform PUC / AEP / Sharyland and Courts, that we are not interested in granting rights of way, easements on near or any aerial or crossed easements.

All said we are protesting this proposal project "La Palma to Kingfisher DOUBLE circuit 345 (KV)" transmission lines project.

2574 FM 3462, San Benito, TX 78586 (On San Jose Ranch Rd.)

This direct testimony is to inform our desire to intervene and oppose in the proposal project "La Palma to Kingfisher DOUBLE Circuit 345 KV Transmission Lines" with alternative routes and links that will **DIRECTLY AFFECT** our homes on the addresses listed above.

On 2998 N Sam Houston, San Benito, TX 78586 property Route 05 – Link Combination: A-D-G-I-N1-N-2-O-Q, we **OPPOSE** firmly to this route and links.

On this property Route 5 – Link- N-1 there are two inhabited houses and structures that would be **DIRECTLY AFFECTED** by the proposed alternative route option.

Both homes have senior citizens who have heart problems as well as one with Liver Cancer. They do not need added stress in their lives. They have a live-in person who cares for them and tends to their farm animals and organic garden. She has a twelve-year-old daughter who lives there who has health issues as well. They cannot handle these added electromagnetic waves near the properties.
