COUNTY OF TRAVIS

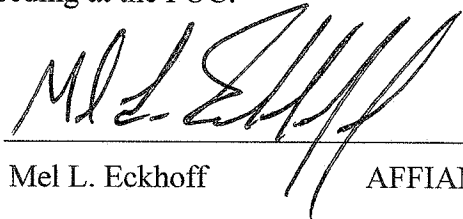

I, Mel L. Eckhoff, state that I am a Regulatory Consultant for American Electric Power Service Corporation, and that in such capacity, I am qualified and authorized to file and verify information in Docket No. 53727 - *Joint Application of AEP Texas Inc. and Sharyland Utilities, L.L.C. to Amend Their Certificates of Convenience and Necessity for the La Palma to Kingfisher Double-Circuit 345-kV Transmission Line in Cameron County* (Application). I am personally familiar with the preparation and delivery of notice in this proceeding for AEP Texas Inc. and Sharyland Utilities, L.L.C. (collectively, "Joint Applicants"). I am competent to execute this affidavit and I state that the following facts are true and correct to the best of my knowledge and belief.

On January 18, 2023, Joint Applicants sent a notice of the Final Order in Public Utility Commission (PUC) Docket No. 53727 to the owners of land who are not directly affected by the route approved in the docket.

The notice was sent by first-class priority mail to 382 landowners who previously received direct notice that their land might be affected if one of the Applicants' routes is approved by the PUC.

The notice included a Spanish translation, a map showing the route approved by the PUC, and a link to the final order on the PUC website.

The notice stated that the landowner's property will not be directly affected by the route approved by the PUC and is no longer the subject of a pending proceeding at the PUC.
