INTRODUCTION

A routine Comprehensive Compliance Investigation (CCI) was conducted at Crystal Systems (PWS ID No. 2120015, CCN No. 10804) on 03/26/2020. The CCI began at the office, located at the Fair Building at 225 S. College Street, Tyler (Smith Co.), Texas. The participants included Mr. James Sellars, Field Superintendent (903-592-8509, mobile 903-574-5127) and Ms. Kathy Baker, Office Manager and Secretary/Treasurer (903-574-1052). Ms. Baker received prior notification by telephone and email of the investigation on 03/12/2020. An exit interview was conducted with Mr. Sellars on 03/26/2020.

This PWS investigation was conducted during the COVID-19 pandemic to ensure public access to safe drinking water. The Centers for Disease Control and Prevention (CDC) best management practices were used during the investigation, which included social distancing.

GENERAL FACILITY AND PROCESS INFORMATION

Crystal Systems is a community groundwater system with four main plants and a small booster plant which mainly serve the incorporated community of Hideaway and a few connections adjacent to it. Supply source Carrizo Wilcox Aquifer.

Plants 3, 4, 5, and 6 each consist of one well with vertical turbine pump and meter, sodium tripolyphosphate for sequestering iron, a sand separator, gas chlorination, and distribution. At Plants 3 and 4, after the aforementioned treatments, the water flows directly into the distribution system (the wells at these plants are included in the service pump calculations). At Plants 5 and 6, ground storage tanks and service pumps are utilized. Wells 6, 7, 8, and 9 are associated with these plants, respectively.

Plant 2 also includes the same treatment capabilities as the other plants, but the Well 5 has been out of service and is not listed in Texas Drinking Water Watch. Therefore, Plant 2 is excluded from the capacity calculations.

The water system is normally operated with two separate pressure planes, the main pressure plane and the Indian Hills pressure plane. Two elevated storage tanks (ESTs) float together to serve the main plane, which includes Hideaway. A booster station, located adjacent to the West EST, with pressure tanks and service pumps, serve the Indian Hills pressure plane, which is relatively higher in elevation than the main pressure plane.

BACKGROUND

At the time of this investigation, there was no outstanding violation issued by the TCEQ Tyler Region Office.

ADDITIONAL INFORMATION

During the investigation, no violations were noted, but some additional issues were noted. System facilities are listed in the attached SDWIS database. See schematic for list of facilities, which is attached to printed CCEDS report. Responsible Official: Mr. John R. Garrett, President (PO Box 689, Tyler, TX 75710-0689).

RE: RN101436970; PWS ID No.: 2120015; Investigation No. 1407994

We are in receipt of your TCEQ Inspection follow-up letter dated May 29, 2020. We appreciate the professional manner in which Mr. Kevin Glanton conducted the inspection and interview particularly given the Covid-19 Pandemic and related restrictions.

Crystal System's response to the 2 issues mentioned in the report are as follows:

1. Crystal Systems has updated its Drought Contingency Plan which is now posted a draft on its website for comment. Further, Crystal has contacted the City of Hideaway and Hide-A-Way Lake, Club Inc; and notice to review on the draft plan will go out to all customers this week with the normal monthly billing asking for comments.
2. Crystal Systems Well #5 last produced on July 14, 2019 before experiencing down hole issues. An initial investigation has yielded no clear evidence of the nature and scale of the problem. Due to a pending expense requiring Crystal to relocate 11,000 feet of water main along FM-16 for widening this summer, Management has elected to defer expending additional funds on the well until the relocation project is completed and an economic assessment can be made.

Thank you for the opportunity to respond. Please contact us if you need further information.

Sincerely,

Crystal Systems Texas, Inc.  
John R. Garrett, President
