RE: Project No. 53911, *Aggregate Distributed Energy Resource (ADER) ERCOT Pilot Project*

DATE: May 4, 2023

Sites within an ADER are subject to rejection during the Details of the Aggregation (DOTA) form process if ERCOT or the relevant utility determine that the site is also receiving payment for participation in either ERCOT's Emergency Response Service (ERS) or a utility's load management program. The Task Force will conduct the virtual workshop detailed below for presentations and a discussion on this topic. This workshop is to help educate the aggregators on the ERCOT and utility programs to enable them to communicate more effectively with potential ADER participants.

This workshop is open to the public virtually via Teams.
