ORDER NO. 2
REQUIRING COMMISSION STAFF REPLY

This Order addresses Monarch Utilities I LP's September 2, 2022 response to Commission Staff's September 1, 2022 recommendation regarding completeness of the above-styled and numbered application. Specifically, Monarch disagrees with Commission Staff's finding that the application be found administratively incomplete. Monarch argues that the recommendation and attached memorandum do not provide any reasoning, precedent, statute, or Commission rule for recommending that Monarch's application be found administratively incomplete and that Monarch be required to file either five years of projected income statements or its complete appendix b of the Commission's form application.

By September 26, 2022, Commission Staff must file a reply to Monarch's response regarding the completeness recommendation.

Signed at Austin, Texas the 14th day of September 2022.
