**ORDER NO. 15
REQUIRING CLARIFICATION**

This Order addresses the need for clarification regarding the application of Skyline Drive Landowners Association Water System and the Johnson County Special Utility District for approval of the sale, transfer, or merger of facilities and certificate rights in Johnson County.

From the application materials provided by Skyline Drive and Johnson County SUD, it is unclear if Johnson County SUD seeks to amend its certificate of convenience and necessity (CCN) number 10081 to include customers currently served by Skyline Drive through public water system identification number 1260060 but who are not currently located within the portion of Skyline Drive's CCN number 12479 to be transferred in this proceeding.

If Johnson County SUD does seek to amend its application to include customers currently served by Skyline Drive through public water system identification number 1260060 but not currently located within the portion of Skyline Drive's CCN number 12479 to be transferred, by June 21, 2024, the applicants must file a list of customers currently receiving service from Skyline Drive who are not within the Skyline Drive's CCN number 12479 service area, a map showing their location, and copies of their applications for service or most recent monthly bill. If there are no existing customers within the uncertificated requested area, the applicants must file proof of requests for service for that area.

By July 8, 2024, Commission Staff must file a supplemental recommendation on the supplemental materials.

The parties must move to admit any supplemental documentation into evidence.

Signed at Austin, Texas on the 7th day of June 2024.
