Hi there!

This is Noah at McIlrath Properties. We requested water from Miller Grove at a property of ours in Cumby and we are appealing the cost of obtaining service with the PUC. As per the filing procedure #6, we are to send you a copy of the appeal for your records. I will attach that here. We mean this well, it is nothing against you guys. As we are not engineers, this seems like a good way for us to verify that this is a good estimate for what it should cost to connect to our property.

Thank you!

Noah Rather
