

## Filing Receipt

**Received - 2023-03-28 09:38:14 AM**

**Control Number - 53934**

**ItemNumber - 33**

5. CSWR-Texas operates, maintains, and controls facilities for providing retail water service in Angelina, Aransas, Austin, Burlison, Burnet, Calhoun, Camp, Denton, Ellis, Erath, Guadalupe, Harris, Hays, Hidalgo, Hood, Jackson, Kerr, Limestone, Llano, Lubbock, McCulloch, Montague, Montgomery, Navarro, Orange, Parker, Polk, Robertson, Victoria, Wilson, and Wood counties under CCN number 13290.
6. CSWR-Texas owns multiple public water systems registered with the TCEQ.

### Application

7. On August 5, 2022, the applicants filed the application at issue in this proceeding.
8. CSWR-Texas supplemented the application on August 16, 17, 18, and 25, and November 3, 2022.
9. In the application, as supplemented, the applicants seek approval of the following transaction: (a) CSWR-Texas will acquire all of Oak Hill's facilities and service area under CCN number 12861; (b) Oak Hill's CCN number 12861 will be cancelled; and (c) CSWR-Texas's CCN number 13290 will be amended to include the certificated service area previously included in Oak Hill's CCN number 12861.
10. The requested area comprises approximately 84 acres and 135 customer connections.
11. The requested area is located approximately 1.4 miles northeast of downtown Pine Grove, Texas, and is generally bounded on the north by the Harris-Montgomery county line; on the east by Lee Road; on the south by Kennemer Drive and Field Cottage Lane; and on the west by Fox Walk Trail and Fox Swift Court.
12. In Order No. 2 filed on September 8, 2022, the ALJ found the application, as supplemented, administratively complete.

### Notice

13. On September 20, 2022, CSWR-Texas filed an affidavit of L. Russel Mitten, general counsel of CSWR-Texas, attesting that notice, along with maps, was provided to current customers, neighboring utilities, and affected parties on September 16, 2022.
14. In Order No. 4 filed on October 25, 2022, the ALJ found the notice sufficient.

**Evidentiary Record**

15. In Order No. 6 filed on February 22, 2023, the ALJ admitted the following evidence into the record of this proceeding:
- a) the application and all attachments filed on August 5, 2022;
  - b) CSWR-Texas's supplements to the application filed on August 16, 17, 18, and 25, and November 3, 2022;
  - c) Commission Staff's recommendation on administrative completeness filed on September 6, 2022;
  - d) CSWR-Texas's affidavit of notice to current customers, neighboring utilities, and affected parties, including confidential exhibit B, filed on September 20, 2022;
  - e) Commission Staff's recommendation on sufficiency of notice filed on October 18, 2022; and
  - f) Commission Staff's recommendation on the transaction and all attachments, filed on November 10, 2022.

**Cumulative Recommendation**

16. On November 10, 2022, Commission Staff filed its recommendation regarding the transaction in this docket. Commission Staff recommended that CSWR-Texas has the financial, managerial, and technical capability to provide continuous and adequate service to all areas included in this docket and, among others, in Docket Nos. 50251,<sup>1</sup> 50276,<sup>2</sup>

### **CSWR-Texas's Compliance History**

17. CSWR-Texas has not been under enforcement action by the Commission, TCEQ, Texas Health and Human Services, the Office of the Texas Attorney General, or the United States Environmental Protection Agency in the past five years for non-compliance with rules, orders, or state statutes.
18. The Commission's complaint records, which date back to 2017, show 12 complaints against CSWR-Texas.
19. CSWR-Texas does not have a history of continuing mismanagement or misuse of revenues as a utility service provider.
20. CSWR-Texas demonstrated a compliance history that is adequate for approval of the sale to proceed.

---

<sup>33</sup> *Application of CSWR-Texas Utility Operating Company, LLC and Cody and Anita Lewis dba Cassie Water Company for Sale, Transfer, or Merger of Facilities and Certificate Rights in Burnet County, Docket No. 53259 (pending).*

<sup>34</sup> *Application of CSWR-Texas Utility Operating Company, LLC and Jusryn Company, Inc. dba Shady Grove Sewer System for Sale, Transfer, or Merger of Facilities and Certificate Rights in Hood County, Docket No. 53317 (pending).*

<sup>42</sup> *Application of CSWR-Texas Utility Operating Company, LLC and Patterson Water Supply, LLC for Sale, Transfer, or Merger of Facilities and Certificate Rights in Dallas, Denton, Parker, Tarrant, and Wise Counties, Docket No. 53721 (pending).*

**Adequacy of Existing Service**

21. There are currently 135 connections in the requested area that are being served by Oak Hill and such service has been continuous and adequate.
22. Oak Hill has one violation listed in the TCEQ database for not having an intruder resistant fence.
23. The Commission's complaint records, which date back to 2017, show no complaints against Oak Hill.
24. There is no evidence in the record that Oak Hill has failed to comply with any Commission or TCEQ order.

**Need for Additional Service**

25. There is a continuing need for service because Oak Hill currently serves 135 customer connections in the requested area.
26. This is an application to transfer only existing facilities, customers, and service area.
27. There have been no specific requests for additional service within the requested area.

**Effect of Approving the Transaction**

28. All retail public utilities in the proximate area were provided notice of the transaction taking place in this application and none filed a protest or motion to intervene.
29. There is no evidence that approval of the transaction will have any adverse effect on any other retail public utility providing service in the proximate area.
30. Approving the sale and transfer to proceed and granting the CCN amendment will obligate CSWR-Texas to provide continuous and adequate water service to current and future customers in the requested area.
31. There will be no effect on landowners in the requested area because the requested area is currently certificated.

**Ability to Serve: Managerial and Technical**

32. CSWR-Texas owns and operates multiple public water systems registered with TCEQ.
33. CSWR-Texas employs or contracts with TCEQ-licensed water operators who will operate the public water system being transferred.

34. No additional construction is necessary for CSWR-Texas to provide service to the requested area. However, CSWR-Texas plans to make upgrades, renovations, and repairs to the water system to improve the reliability and quality of service.
35. CSWR-Texas has the technical and managerial capability to provide continuous and adequate service to the requested area.

**Feasibility of Obtaining Service from Adjacent Retail Public Utility**

36. Oak Hill is currently serving customers and has sufficient capacity.
37. Obtaining service from an adjacent retail public utility would likely increase costs to customers because new facilities would need to be constructed. At a minimum, an interconnect would need to be installed in order to connect to a neighboring retail public utility.
38. It is not feasible to obtain service from an adjacent retail public utility.

**Regionalization or Consolidation**

39. It will not be necessary for CSWR-Texas to construct a physically separate water system to serve the requested area.
40. Because the requested area will not require construction of a physically separate water system, consideration of regionalization or consolidation with another retail public utility is not required.

**Ability to Serve: Financial Ability**

41. CSWR, LLC, the immediate parent company of CSWR-Texas, is capable, available, and willing to cover temporary cash shortages, and has a debt-to-equity ratio that is less than one, satisfying the leverage test.
42. CSWR, LLC provided a written guarantee of coverage of temporary cash shortages and demonstrated that it has sufficient cash available to cover any projected operations and maintenance shortages in the first year five years of operations after completion of the transaction and possesses the cash and leverage ability to pay for capital improvements and necessary equity investments, satisfying the operations test.
43. CSWR-Texas submitted documents demonstrating funds are available for the purchase of the system and facilities.

44. CSWR-Texas demonstrated the financial capability and stability to pay for the facilities necessary to provide continuous and adequate service to the requested area.

**Financial Assurance**

45. There is no need to require CSWR-Texas to provide a bond or other financial assurance to ensure continuous and adequate service.

**Environmental Integrity and Effect on the Land**

46. The requested areas will continue to be served with existing infrastructure.
47. There will be minimal effects on environmental integrity and on the land as a result of CSWR-Texas's planned upgrades, renovations, and repairs to the public water system.

**Improvement of Service or Lowering Cost to Customers**

48. Reliability and quality of water service is expected to improve under CSWR-Texas's management.
49. The rates charged to customers in the requested area will not change as a result of the proposed transaction because CSWR-Texas will adopt the currently in effect tariff for the Oak Hill water system upon approval of the transaction.

**II. Conclusions of Law**

The Commission makes the following conclusions of law.

1. The applicants provided notice of the application that complies with TWC §§ 13.246 and 13.301(a)(2) and 16 Texas Administrative Code (TAC) § 24.239(c).
2. After consideration of the factors in TWC § 13.246(c), CSWR-Texas demonstrated that it is capable of rendering continuous and adequate service to every customer within the requested area, as required by TWC § 13.251.
3. CSWR-Texas demonstrated adequate financial, managerial, and technical capability for providing continuous and adequate service to the requested area as required by TWC §§ 13.241(a) and 13.301(b) and 16 TAC § 24.239(e).
4. The applicants demonstrated that the sale and transfer of CCN number 12861 and its associated facilities and service areas to CSWR-Texas will serve the public interest and is necessary for the continued service, accommodation, convenience, or safety of the public under TWC §§ 13.246(b) and 13.301(d) and (e).

### III. Ordering Paragraphs

In accordance with these findings of fact and conclusions of law, the Commission issues the following orders.

1. The transaction between CSWR-Texas and Oak Hill in this proceeding is approved and may be completed as proposed.
2. As soon as possible after the effective date of the transaction, but not later than 30 days after the effective date, the applicants must file proof that the transaction has been completed and customer deposits, if any, have been addressed.
3. The applicants have 180 days from the date of this Order to complete the transaction.
4. Under 16 TAC § 24.239(m), if the transaction is not completed within this 180-day period and no extension has been granted, this approval is void and the applicants must reapply for approval.
5. The applicants are advised that the requested area and associated facilities will remain under CCN number 12861 and held by Oak Hill until the final order or notice of approval is issued in this matter, in accordance with Commission rules.
6. In an effort to finalize this case as soon as possible, the applicants must continue to file monthly updates regarding the status of the closing and submit documents evidencing that the transaction was completed.
7. Within 15 days following the filing of the applicants' proof that the transaction has been completed and customer deposits, if any, have been addressed, Commission Staff must file a recommendation regarding the sufficiency of the documents and propose a schedule for continued processing of this docket.

Signed at Austin, Texas the 28th day of March 2023.
