Re: Senate Bill 3 requirements
Southern Utilities Company
Smith County and Laird Hill Water Systems
PWS No. TX2120063 (Smith County)
PWS No. TX2010018 (Laird Hill)

Dear Team Member,

Pursuant to Senate Bill 3, 87th Legislature, Regular Session, Compliance Guidance – Texas Water Code (TWC) § 13.1396, Southern Utilities Company, an investor owned utility company, is submitting the annual critical facilities update information. Please see attached.

This same information has been submitted to both the transmission and distribution service providers for the affected utility, as well as, the Smith, Cherokee, and Rusk County Offices of Emergency Management, the Texas State Office of Emergency Management, and Public Utility Commission of Texas, as required.

Contact Information and mailing address for Southern Utilities Company:

Michael R. Farrell, President	O/ 903.566.3511	C/ 903.574.5455
Scott Pope, Utilities Director	O/ 903.566.3511	C/ 903.752.9310

Southern Utilities Company
218 N. Broadway
Tyler, Texas 75702

Please contact me, Sigi West, Regulatory Compliance Specialist at (903) 581-8141, or via email at swest@ksaeng.com if you require any other information.

Sincerely,

KSA

Siglinda M. West
Regulatory Compliance Specialist

Application for Critical Load Critical Load Public Safety Designation

SEND COMPLETED FORM TO:

This Application is completed in order to request the designation of Critical Load Public Safety Customer with Cherokee County Co-Op, as defined below. The Application is submitted to Cherokee County Co-Op at the email address above.

Critical Load Industrial Customer – An industrial customer for whom an interruption or suspension of electric service will create a dangerous or life-threatening condition on the retail customer's premises, is a "critical load industrial customer."

We understand that Designation of Critical Load does not guarantee an uninterrupted supply of electricity. It is our responsibility to make arrangements for alternative sources of electric power should a localized outage or load shed event occur.
