**PUBLIC UTILITY COMMISSION
OF TEXAS**

**ORDER NO. 14
ABATING PROCEEDING**

This Order addresses Quadvest, LP's continued request for abatement with good cause filed on November 7, 2023 and Commission Staff's response to Order No. 12 filed on November 14, 2023.

Quadvest requested the abatement be continued for 60 days to afford the Texas Commission on Environmental Quality (TCEQ) sufficient time to issue the final Texas Pollutant Discharge and Elimination System (TPDES) permit. Regarding good cause, Quadvest stated they been diligent in providing the necessary information to TCEQ.

Commission Staff recommended that the application remains administratively complete. Commission Staff further recommended that if the TPDES permit is to be delayed for a longer duration than the 60-day request for abatement requested by Quadvest, Commission Staff and Quadvest should consider severing the sewer portion of the application and pursuing only the water portion.

The administrative law judge finds the application is administratively complete and continues the abatement in this proceeding. On or before January 16, 2024, Commission Staff and Quadvest must file a status report, or a request to lift the abatement along with the appropriate documentation from TCEQ regarding the TPDES permit along with a procedural schedule for further processing.

Signed at Austin, Texas the 17th day of November 2023.

PUBLIC UTILITY COMMISSION OF TEXAS
