**COMMISSION STAFF'S RECOMMENDATION ON ADMINISTRATIVE
COMPLETENESS AND NOTICE**

I. INTRODUCTION

On September 8, 2022, Kaufman Independent School District (Kaufman ISD) filed a petition for streamlined expedited release from College Mound Water Supply Corporation (College Mound WSC) water Certificate of Convenience and Necessity (CCN) No. 10825 in Kaufman County, under Texas Water Code (TWC) § 13.2541(b) and 16 Texas Administrative Code (TAC) § 24.245(h). Kaufman ISD asserts that the land is at least 25 contiguous acres, is not receiving water service, and is located in Kaufman County, which is a qualifying county.

On October 6, 2022, the administrative law judge (ALJ) filed Order No. 2, directing the Staff (Staff) of the Public Utility Commission of Texas (Commission) to file a recommendation on final disposition by November 16, 2022. Therefore, this pleading is timely filed.

II. FINAL RECOMMENDATION

Staff has reviewed the petition and as detailed in the attached memorandum of Chase Lipscomb, Infrastructure Division, recommends that the petition be approved. Staff recommends that the petition submitted by Kaufman ISD satisfies the requirements of TWC § 13.2541(b) and 16 TAC § 24.245(h). Additionally, College Mound WSC did not file a verified response to the petition to rebut Kaufman ISD's attestations that the tract of land is not receiving service. Further, the final water CCN map and certificate are attached to this filing. Staff recommends that the final map and certificate be provided to College Mound WSC and for College Mound WSC to file a certified copy of the CCN map and boundary description of the CCN service area in the Kaufman County Clerk's office, as required by TWC § 13.257(r)-(s).

III. CONCLUSION

For the reasons detailed above, Staff respectfully recommends that the petition be approved and respectfully requests the entry of an order consistent with the foregoing recommendation.

Dated: November 16, 2022

Respectfully submitted,

RE: Docket No. 54049 – *Petition of Kaufman Independent School District to Amend College Mound Water Supply Corporation's Water Certificate of Convenience and Necessity No. 10825 in Kaufman County by Streamlined Expedited Release*

On September 8, 2022, Kaufman Independent School District (Kaufman ISD) filed a petition for streamlined expedited release from College Mound Water Supply Corporation's (College Mound WSC) water Certificate of Convenience and Necessity (CCN) No. 10825 in Kaufman County, under Texas Water Code (TWC) § 13.2541(b) and 16 Texas Administrative Code (TAC) § 24.245(h). Kaufman ISD asserts that the land is at least 25 contiguous acres, is not receiving water service, and is located in Kaufman County, which is a qualifying county.

Kaufman ISD provided a warranty deed confirming ownership of the tract of land within College Mound WSC's certificated service area. In addition, Kaufman ISD submitted a sworn affidavit attesting that the tract of land was not receiving water service from the CCN holder. College Mound WSC did not request to intervene.

Based on the mapping review by Dave Babicki, Infrastructure Division, it was determined the landowner's total property is approximately 85.2 acres. The tract of land in the petition for streamlined expedited release is approximately 85.2 acres, of which approximately 26.2 acres overlap College Mound WSC (CCN No. 10825) and would be decertified from CCN No. 10825.

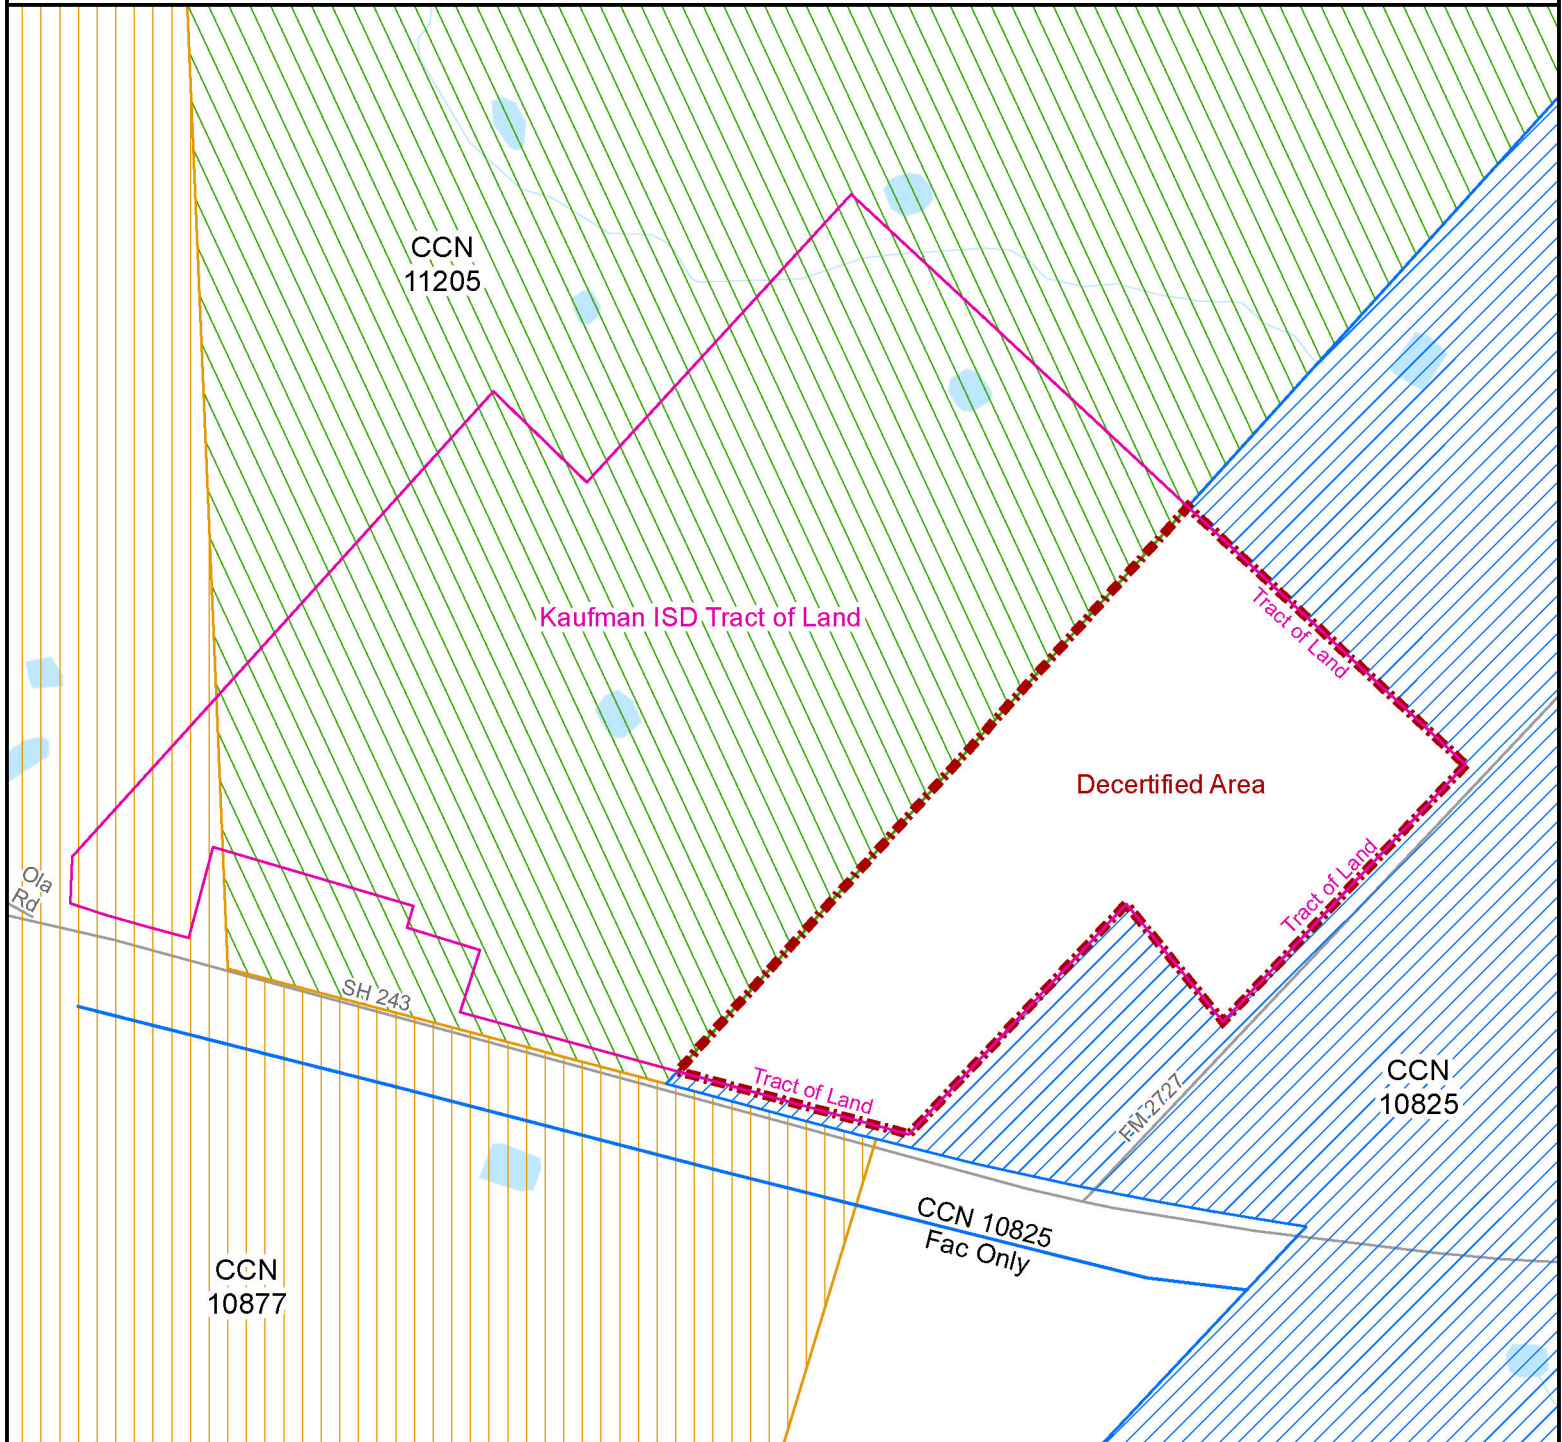

In accordance with TWC § 13.2541 and 16 TAC § 24.245(h), Kaufman ISD has met the Commission's requirements to allow for the release of the tract of land from College Mound WSC's CCN No. 10825. Therefore, I recommend approval of the petition. Enclosed is a final map and certificate for Commission approval.

Additionally, I recommend that a final map and certificate be provided to the CCN holder.
