**ORDER NO. 8  
REQUIRING CLARIFICATION**

This Order requires clarification regarding the rate Texas Water Utilities, LP requests to implement for the customers of CS Water Corporation who are subject to the transaction proposed in this application.

Texas Water’s current tariff, approved in Docket No. 52201,<sup>1</sup> consists of multiple phases of rates for multiple water systems. The administrative law judge (ALJ) is unable to locate in the docket which of the phased rates, and for which water system, Texas Water requests to implement in this docket. Additionally, the notice provided by Texas Water does not specify for its future potential customers which of the phased rates in Texas Water’s current tariff they will be charged. As the link provided by Texas Water in the notice is no longer valid, the ALJ assumes that the link was a copy of Texas Water’s entire current tariff.

By April 7, 2023, Texas Water must clarify which phased rate it intends to apply to this proceeding. By April 21, 2023, Commission Staff must provide a recommendation on whether notice in this proceeding is in fact sufficient and may provide an amended recommendation on approval of sale, if appropriate.
