**ORDER NO. 2  
FINDING APPLICATION DEFICIENT,  
ESTABLISHING DEADLINES AND OPPORTUNITY TO CURE**

This Order addresses the sufficiency of the October 5, 2022 application of Wylie Northeast Special Utility District to amend its certificate of convenience and necessity number 21056. On November 4, 2022, Commission Staff filed a recommendation on administrative completeness.

The administrative law judge (ALJ) finds the application administratively incomplete and deficient. Under 16 Texas Administrative Code § 24.8(d), the Commission does not consider an application filed until it makes a determination that the application is administratively complete. Thus, at this time the application is not considered filed with the Commission.

By December 5, 2022, the applicant must supplement the application to cure the deficiencies described in the memorandum of James Harville attached to Commission Staff's November 4, 2022 recommendation. Until the Commission receives and reviews the supplemental information, the application cannot proceed. The applicant must not issue notice until the application is deemed administratively complete.

By January 5, 2023, Commission Staff must file a supplemental recommendation regarding the administrative completeness of the application, along with a proposed procedural schedule, if appropriate.

Signed at Austin, Texas the 9th day of November 2022.
