**BEFORE THE
PUBLIC UTILITY COMMISSION
OF TEXAS**

**ONCOR ELECTRIC DELIVERY COMPANY LLC'S RECOMMENDED TOPIC FOR
WORKSHOP DISCUSSION**

TO THE HONORABLE PUBLIC UTILITY COMMISSION OF TEXAS:

Oncor Electric Delivery Company LLC ("Oncor") looks forward to the upcoming May 4, 2023 workshop in the above-referenced project during which stakeholders will discuss Commission Staff's proposals for implementing updated distributed energy resource ("DER") interconnection standards and DER technical standards, as outlined in Commission Staff's April 18, 2023 memorandum.

The April 18 memorandum also invited interested persons to file by April 27, 2023, recommendations of additional topics that would benefit from discussion in a workshop format. Given that invitation, Oncor respectfully and timely suggests that interested parties and stakeholders would greatly benefit from a workshop discussion of various issues concerning the contribution in aid of construction ("CIAC") charges assessed to interconnecting DERs, including the desired level of transparency and itemization within CIAC invoices, the "truing up" of actual interconnection costs against the amount of CIAC charged, and any other issues concerning the assessment and collection of CIAC. Oncor believes it would be beneficial to discuss these issues concerning CIAC in a separate, future workshop after the May 4 workshop.

Oncor appreciates the opportunity to submit this suggested topic for a workshop discussion.

Respectfully submitted,

Oncor Electric Delivery Company LLC
