AEP TEXAS INC.'S RECOMMENDED TOPICS FOR WORKSHOP DISCUSSION

AEP Texas Inc. looks forward to the upcoming May 4, 2023 workshop in the above-referenced project during which stakeholders will discuss Commission Staff's proposals for updating distributed energy resource interconnection and technical standards, as outlined in Commission Staff's April 18, 2023 memorandum. The April 18 memorandum also invited interested persons to file by April 27, 2023, recommendations of additional topics that would benefit from discussion in a workshop format. AEP Texas supports Oncor Electric Delivery Company LLC's recommendation to address issues related to contribution in aid of construction in a separate, future workshop. AEP Texas also posed additional issues that could benefit from stakeholder discussion in future workshops in its reply comments filed on January 18, 2023 in this project.¹ AEP Texas appreciates the opportunity to submit comments on this topic.

Respectfully submitted,

/s/ Leila Melhem
