A motion for rehearing is posted for consideration and action by the Commission. I would grant rehearing with the following comments.

On July 18, 2023, Commission Staff filed a proposed tariff that included a typo for the name of the utility, identifying the utility throughout the tariff as “3808 Utility LLC” instead of “3083 Utility LLC.” On August 23, 2023, the Commission ALJ filed a notice of approval issuing 3083 Utility sewer CCN number 21183 and approving the proposed tariff. On September 13, 2023, Commission Staff filed a motion nunc pro tunc and an amended tariff to correct the name of the utility in the tariff. I would grant rehearing and direct Commission Advising to prepare an order on rehearing approving the amended tariff filed by Commission Staff on September 13, 2023.

I look forward to discussing this with you at the open meeting.
