RE: Project No. 54279 – *Application of Gregory Power Partners LLC to Amend its Power Generation Company Registration*

### RECOMMENDATION

On October 28, 2022, Gregory Power Partners LLC (Gregory Power or the Company) filed an application for an amendment to its power generation company registration (Application) pursuant to 16 Texas Administrative Code (TAC) § 25.109. Gregory Power stated that an amendment is necessary to update a change in affiliate information. The Company's registration number is 20010.

After a review of NRG Cottonwood's application, I have concluded that the applicant has satisfactorily completed the post-registration requirements under 16 TAC § 25.109(h) by notifying the Commission of any material change in the information provided on the registration form within 45 days of the change. Therefore, I recommend that Gregory Power Partners LLC's application for an amendment to its power generation company registration be granted. The Commission records should be revised to reflect the updated change in affiliate information.
