RE: Project No. 54335 - Technical Presentation and Q&A

Staff of the Public Utility Commission of Texas will host a virtual technical presentation on the recently filed report by Energy and Environmental Economics (E3), titled *Assessment of Market Reform Options to Enhance Reliability of the ERCOT System (Report)*.

Date: December 2, 2022
Time: 9:30 AM- 11:30 AM

E3 will give a 30-minute presentation focusing on the Report, including an explanation of the Performance Credit Mechanism design. A question-and-answer session with E3 will follow. Please submit your questions to marketdesigninfo@puc.texas.gov by December 1st at 11 AM. **Questions addressed in the presentation will be limited to those not answered by the text of the Report, which can be found at:** <https://www.puc.texas.gov/industry/electric/reliability.aspx> . Additional resources are available at the same link.

To ensure E3 is able to efficiently answer as many questions as possible and organize questions by topic, please be specific in posing your questions. Citations to page numbers or sections of the Report are encouraged but not required.

A link to join the presentation will be posted on the PUCT's agency calendar prior to December 2nd.
