**ORDER NO. 2**  
**FINDING APPLICATION ADMINISTRATIVELY INCOMPLETE AND**  
**DEFICIENT, AND ESTABLISHING DEADLINES AND OPPORTUNITY TO CURE**

This Order addresses the sufficiency of the November 28, 2022 petition of Milligan Water Supply Corporation and the City of Princeton for approval of a service-area contract under Texas Water Code § 13.248 and to amend certificates of convenience and necessity in Collin County.

On January 3, 2023, Commission Staff filed a recommendation on administrative completeness.

The administrative law judge (ALJ) finds the application administratively incomplete and deficient. Under 16 Texas Administrative Code § 24.8(d), the Commission does not consider an application filed until it makes a determination that the application is administratively complete. Thus, at this time the application is not considered filed with the Commission.

By February 3, 2023, petitioners must supplement the application to cure the deficiencies as described in the January 3, 2023 memoranda of Jaspinder Singh. Until the Commission receives and reviews the supplemental information, the application cannot proceed. The applicant must not issue notice until the application is deemed administratively complete.

By March 7, 2023, Commission Staff must file supplemental recommendations regarding the administrative completeness of the application and the sufficiency of notice, along with a proposed procedural schedule, if appropriate.

Signed at Austin, Texas the 4th day of January 2023.
