

Notes to the Financial Statements September 30, 2021

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

8) <u>Compensated Absences</u>

The City allows vacation leave with pay for all regular full-time employees after one full year of employment. Employees may carry no more than one-half of their earned vacations to the following year up to a maximum of thirty days (240 hours). Upon termination an employee may be allowed payment for accumulated vacation pay. Employees who terminate employment in good standing and who have not been terminated for disciplinary reasons are eligible to receive compensation for a portion of their accrued sick leave after their accrued hours exceed 100. All vacation and sick pay benefits are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for vacation and sick pay is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

9) <u>Pensions</u>

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the Fiduciary Net Position of the Texas Municipal Retirement System (TMRS) and additions to/deductions from TMRS's Fiduciary Net Position have been determined on the same basis as they are reported by TMRS. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

10) <u>Long-term Obligations</u>

In the government-wide financial statements, and proprietary fund type in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statements of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuances cost, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Notes to the Financial Statements September 30, 2021

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

11) Fund Balances – Governmental Funds

The City implemented GASB No. 54, Fund Balance and Governmental Fund Type Definitions, in fiscal year 2011. In the fund financial statements, governmental funds report the following classifications of fund balance.

Nonspendable – includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact.

Restricted – includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation.

Committed – includes amounts that can only be used for specific purposes. Committed fund balance is reported pursuant to formal action by City Council, the City's highest level of decision-making authority. Commitments may be established, modified, or rescinded only through formal action of City Council.

Assigned – includes amounts that the City intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. City Council has designated the City Administrator the authority to assign fund balance.

Unassigned – All amounts not included in other spendable classifications. The general fund is the only fund that reports a positive fund balance amount. In other governmental funds, it is not appropriate to report a positive unassigned fund balance amount. However, in governmental funds other than the general fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

The details of the fund balances are included in the Governmental Funds Balance Sheet (page 17). When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the City considers restricted funds to be spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the City considers amounts to have been first spent out of committed funds, then assigned, and finally unassigned as needed. The City's financial goal is to have sufficient balance in the General Fund with sufficient working capital and margin of safety to address local and regional emergencies without borrowing. The City strives to maintain a General Fund Balance of 30% of the City's general fund annual operating expenditures.

Notes to the Financial Statements September 30, 2021

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

12) <u>Deficit fund equity</u>

On September 30, 2021, the special events fund reported a deficit fund balance of \$77,442 and the general capital projects reported a deficit fund balance of \$831,428. The City will fund the special events and general capital projects fund from the general fund for these deficits.

13) <u>Use of Restricted/Unrestricted Net Position</u>

When an expense is incurred for purposes for which both restricted and unrestricted net position are available, the City's policy is to apply restricted net position first.

14) <u>Comparative Data</u>

Comparative total data for the prior year have been presented in selected sections of the accompanying financial statements in order to provide an understanding of the changes in the government's financial position and operations. Also, certain amounts presented in the prior year have been reclassified in order to be consistent with the current year's presentation.

15) <u>Use of Estimates</u>

The preparation of financial statements in conformity with Generally Accepted Accounting Principles requires the use of management's estimates.

NOTE 2 - DEPOSITS AND INVESTMENTS:

The City is authorized within the guidelines provided by the Public Funds Investment Act, Texas Government Code Chapter 2256 and local ordinances to invest (1) in obligations of the United States, its agencies, and instrumentalities, (2) direct obligations of the State of Texas or its agencies, (3) collateralized mortgage obligations issued and guaranteed by an agency or instrumentality of the United States, (4) obligations of states, agencies, counties, cities and other political subdivisions of any state rated as to investment quality of not less than "A" or its equivalent by a nationally-recognized investment firm, (5) certificates of deposit issued by state or national banks domiciled in the State of Texas, insured by the Federal Deposit Insurance Corporation or secured by obligations described in (1) through (4) above that have a fair value of not less than the principal amount of the certificates, (6) investment pools authorized by the Act and (7) fully collateralized repurchase agreements. In compliance with the Public Funds Investment Act, the government has adopted a deposit and investment policy. That policy addresses the following risks:

Custodial Credit Risk – Investments: For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City's investments are with the

Notes to the Financial Statements September 30, 2021

NOTE 2 - DEPOSITS AND INVESTMENTS (continued)

Texas Local Government Investment Pool ("TexPool"), the Texas Short-Term Asset Reserve Investment Pool ("TexStar"), and in certificates of deposit.

Under the TexPool Participation Agreement, administrative and investment services to TexPool are provided by Federated Investors, Inc. through an agreement with the State of Texas Comptroller of Public Accounts. The State Comptroller is the sole officer, director, and shareholder of the Texas Treasurer Safekeeping Trust Company authorized to operate TexPool. TexPool is subject to annual review by an independent auditor consistent with the Public Funds Investment Act. Audited financial statements of the Pool are available at First Public, 12009 Research Blvd. Austin, Texas 78759. In addition, TexPool is subject to review by the State Auditor's Office and by the Internal Auditor of the Comptroller's Office. The reported value of the pool is the same as the fair value of the pool shares. TexPool does not impose liquidity fees or redemption gates on participant withdrawals.

Credit Risk – Investments: This is the risk that an issuer of an investment will be unable to fulfill its obligations. The ratings of securities by nationally recognized rating agencies is designed to give an indication of credit risk. It is the government's policy to limit its investments to those investments rated at least AAAm. The credit quality rating for both TexPool and TexStar at year end was AAAm by Standard & Poor's.

Interest Rate Risk – Investments: This is the risk that changes in interest rates will adversely affect the fair value of an investment. In accordance with its investment policy, the government manages its exposure to decline in fair values by limiting the weight average maturity of its investment portfolio to less than one year from the time pf purchase. The maximum allowable maturity for operating funds is five years and two years for debt service funds. The weight average maturity for the government's investment in external investment pools is less than 60 days.

Custodial Credit Risk – Deposits: Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. Consistent with the requirements of State law, it is the policy of the City to require full collateralization of all City deposits. An appropriate third-party safekeeping agent, as designated by the City, shall maintain collateral on deposits. This policy applies to any deposits held in an approved depository in excess on the amount protected by Federal Deposit.

Insurance Corporation insurance. The City's deposits were fully insured or collateralized as required by the state statutes at September 30, 2021. The collateral is held by Frost National Bank in the City's name under a joint safekeeping agreement with First Financial Bank N.A.

The City invests in the Texas Short Term Asset Reserve Fund (TexStar) and the Texas Local Government Investment Pool (TexPool). TexStar and TexPool are local government investment pools organized under the authority of the Interlocal Corporation Act 791, Texas Government Code, and the Public Funds Investment Act, Chapter 2256, Texas Government Code. All investments of TexStar and TexPool are stated at amortized cost, which in most cases approximates the fair value of the securities. The objectives of TexStar and TexPool are to maintain a stable \$1.00 net asset value, however, the \$1.00 net asset value is not guaranteed or insured by the State of Texas or the pools themselves. TexStar does not impose liquidity fees or redemption gates on participant withdrawals.

The City controls credit risk by limiting investments to those investments authorized by both the

NOTE 2 - DEPOSITS AND INVESTMENTS (continued)

Public Funds Investment Act and by its investment policy.

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs: Level 3 inputs are significant unobservable inputs.

The City has the following recurring fair value measurements as of September 30, 2021:

• Property acquisitions valued at \$148,790 within City limits for economic development purposes using property brokers opinion from sales and purchases around the area (Level 3 input).

Intangible Assets

June 20, 2003, the water and wastewater fund purchased raw water capacity rights in Benbrook Lake, capacity rights in the Benbrook Pipeline and capacity rights in the Weatherford Treatment Facility. The Enterprise Fund purchased these rights through an agreement with Parker County Utility District #1.

The total cost associated with the buy-ins was \$787,886. This cost was financed with the Combination Tax and Revenue Certificates of Obligation, Series 2003. The debt was refunded with the General Obligation Refunding Bonds, Series 2010. The Benbrook Lake and Treatment Facility capacity rights were then sold back to the City of Weatherford for a credit balance towards future impact fees and demand charges. As of September 30, 2018, there was no credit remaining from the City of Weatherford related to this buy-in purchase.

In April of 2004 the water and wastewater fund paid an additional \$104,935 of legal fees associated with the rights purchased through the agreement with Parker County Utility District #1 (PCUD #1). Per amendment number 1 effective March 31, 2004, \$147,916 of the legal fees are related to initial organization cost.

August 24, 2009, the City entered into an agreement with Parker County Special Utility District (PCSUD) to purchase PCSUD's raw water capacity reservation for \$490,834. The raw water capacity reservation reserves the right for the City to receive raw water from Tarrant Regional Water District. The raw water capacity reservation is based on a projected 30-year average daily use of 1.0 MGD.

Total Governmental Funds	Transfer In	\$	856,422	

NOTE 5 – LONG-TERM DEBT

A. Capital Leases

Governmental Activities:

On April 25, 2017, the general fund acquired computers for police vehicles with a capital lease. The lease requires monthly payments of \$565 beginning June 2017. The interest rate is 5%. The outstanding balance as of September 30, 2021, was \$4,413.

On January 23, 2020, the general fund acquired a police vehicle with a capital lease. The lease required annual payments of \$8,944 beginning January 2021. The interest rate was 2.99%. The outstanding balance as of September 30, 2021, was \$17,116.

On August 10, 2020, the general fund acquired a police vehicle with a capital lease. The lease required annual payments of \$8,944 beginning August 2021. The interest rate was 2.99%. The outstanding balance as of September 30, 2021, was \$17,116.

On May 19, 2021, the general fund acquired a police vehicle with a capital lease. The lease required annual payments of \$8,659 beginning May 2021. The interest rate was 2.25%. The outstanding balance as of September 30, 2021, was \$16,731.

Business-type Activities:

On March 1, 2020, the water fund acquired two vehicles with a capital lease. The lease requires three annual payments of \$17,970 beginning March 2021. The interest rate is 2.99%. The outstanding balance as of September 30, 2021, was \$34,341.

NOTE 5 – LONG-TERM DEBT (continued)

The following is an analysis of capital assets purchased under capital leases as of September 30, 2021:

		vernmental Activities		siness-type activities	
Automobiles Equipment	\$	221,022 29,116	\$	67,703	
Less accumulated depreciation	<u> </u>	(115,440)	<u> </u>	(25,953)	
	\$	134,698	\$	41,750	

The following is a schedule of future minimum lease payments under the capital leases and the present value of the net minimum lease payments on September 30, 2021:

	Governmental Activities		iness-type ctivities
2022	\$	31,066	\$ 17,970

Total minimum lease payments		57,612	 35,940
Amount representing interest		(2,230)	 (1,599)
Present value of future			
minimum payments	\$	55,382	\$ 34,341

NOTE 5 – LONG-TERM DEBT (continued)

B. Bonds Payable

On May 3, 2021, the City issued \$2,380,000 of General Obligation Refunding Bonds, Series 2021A. The bonds consisted of general obligation rates ranging from 1.00% to 2.00%. The net proceeds were used to partially refund Certificates of Obligation 2012 with a total principal amount of \$1,790,000 and Certificates of Obligation 2014 a total principal amount of \$540,000. The refunding decreased debt service payments for the City by \$170,530 with a net present value savings (economic gain) of \$157,789 or 6.77%.

On May 3, 2021, the City issued \$1,330,000 of General Obligation Refunding Bonds, Series 2021B. The bonds consisted of general obligation rates ranging from 1.00% to 2.00%. The net proceeds were used to refund Certificates of Obligation 2016B with a total principal amount of \$1,290,000. The refunding decreased debt service payments for the City by \$115,718 with a net present value savings (economic gain) of \$99,548 or 7.72%.

Bonds, certificates of obligation payable on September 30, 2021, consist of the following individual issues:

Governmental Activities

\$1,800,000 2007 Certificates of Obligation, for construction of street, bridge, curb, and sidewalk improvements, together with utility relocation and drainage improvements, due in annual installments through August 1, 2027, 4.10%.	\$ 720,000
$\$4,195,000\ 2016$ A Certificates of Obligation, for construction of road projects and a downtown development. The payments are due in annual installments through February 1, 2036, 2.00% - 5.00%	3,380,000
\$2,325,000 2018 Certificates of Obligation, for contruction of City fiber internet lines and Public Improvements District No. 1. The payments are due in annual installments through February 1, 2038, 2.00% - 5.00%	2,125,000
\$125,000 2020 General Obligation refunding bonds, issued to refund the 2010 General Obligation refunding bonds, due in annual installments through February 1, 2023, 1.65%.	n 85,000
\$644,000 2021A General Obligation bonds, issued to refund the 2012 Certificates of Obligation, due in annual installments through February 1, 2036, 1.33%	644,000
\$1,330,000 2021B General Obligation bonds, issued to refund the 2016B Certificates of Obligation, due in annual installments through February 1, 2036, 1.97%	1,330,000
Total Governmental Activities	\$ 8,284,000

Notes to the Financial Statements September 30, 2021

NOTE 5 – LONG-TERM DEBT (continued)

For governmental activities, compensated absences payable, pension and OPEB liabilities are liquidated by the general fund.

NOTE 6 – CONDUIT DEBT AGREEMENTS

June 10, 2004, the City passed an ordinance authorizing and approving the creation of the Hudson Oaks Education Finance Corporation (a non-profit corporation) to finance and refinance education facilities for the purpose of aiding intuitions of higher education and accredited primary and secondary schools within the limitations set forth in Chapter 53, Texas Education Code.

During the year ended December 31, 2005, the board of directors of the Hudson Oaks Education Finance Corporation (the "Corporation") entered into a \$4,000,000 loan agreement with Lakehill Preparatory School (the "Borrower") and Frost National Bank (the "Lender"). According to the terms of the loan agreement the Lender is making a loan to the Corporation and the Corporation is making a loan to the Borrower. The proceeds will be used by Borrower to refinance the construction, improvement, and equipping of school buildings and athletic facilities on Borrower's campus and payment of the costs of issuance. The Corporation's obligations under the loan agreement are payable solely from the loan payments received from the Borrower and other amounts received, if any, from the enforcement of the security provided by the Borrower Note, and do not constitute, give rise to or impose upon the Corporation or the City of Hudson Oaks, Texas, a pecuniary liability, a charge upon the general credit thereof or a pledge of the general revenues of the City or the Corporation. The Corporation has assigned the Borrower Note to the Lender; therefore, the Lender will make loan payments directly to the Lender. The amount of Hudson Oaks Education Finance Corporation conduit debt obligations outstanding on September 30, 2021, are as follows:

Lakehill Preparatory School Loan Agreement

\$ 1,345,000

June 10, 2004, the City passed an ordinance authorizing and approving the creation of the Hudson Oaks Health Development Corporation (a non-profit corporation) to acquire, construct, provide, improve, finance, and refinance health facilities to assist the maintenance of the public health, subject to the Texas Health Facilities Development Act. As of September 30, 2021, this corporation has not issued any debt.

NOTE 7 – DEFINED BENEFIT PENSION PLANS

A. PLAN DESCRIPTION

The City of Hudson Oaks participates as one of 895 plans in the nontraditional, joint contributory, hybrid defined benefit pension plan administered by the Texas Municipal Retirement System (TMRS). TMRS is an agency created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8, Texas Government Code (the TMRS Act) as an agent multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the System with a six-member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS's defined benefit pension plan is a tax-qualified plan under Section 401 (a) of the Internal Revenue Code. TMRS issues a publicly available annual comprehensive financial report that can be obtained at www.tmrs.com.

All eligible employees of the city are required to participate in TMRS.

September 30, 2021

NOTE 7 – DEFINED BENEFIT PENSION PLANS (continued)

B. <u>BENEFITS PROVIDED</u>

TMRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the city, within the options available in the state statutes governing TMRS.

At retirement, the benefit is calculated as if the sum of the employee's contributions, with interest, and the city-financed monetary credits with interest were used to purchase an annuity. Members may choose to receive their retirement benefit in one of seven payments options. Members may also choose to receive a portion of their benefit as a Partial Lump Sum Distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of the member's deposits and interest.

The plan provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS. Plan provisions for the City for 2020 and 2019 were the same and were as follows:

7%
2 to 1
5
60/5, 0/20
100% Repeating, Transfers
70% of CPI Repeating

Employees covered by benefit terms.

At December 31, 2020 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiveing benefits	13
Inactive employees entitled to but not receiving benefits	21
Active employees	24
	58

C. CONTRIBUTIONS

The contribution rates for employees in TMRS are either 5%, 6%, or 7% of employee gross earnings, and the city matching percentages are either 100%, 150%, or 200%, both as adopted by the governing body of the city. Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Notes to the Financial Statements September 30, 2021

NOTE 7 – DEFINED BENEFIT PENSION PLANS (continued)

C. <u>CONTRIBUTIONS</u> (continued)

Employees for the City were required to contribute 7% of their annual gross earnings during the fiscal year. The contribution rates for the City were 12.24% and 12.33% in calendar years 2021 and 2020, respectively. The city's contributions to TMRS for the year ended September 30, 2021, were \$205,883, and were equal to the required contributions.

D. NET PENSION LIABILITY

The city's Net Pension Liability (NPL) was measured as of December 31, 2020, and the Total Pension Liability (TPL) used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions:

The Total Pension Liability in the December 31, 2020 actuarial valuation was determined using the following actuarial assumptions:

Inflation 2.5% per year Overall payroll growth 3.5% per year

Investment Rate of Return 6.75%, net of pension plan investment expense, including inflation

Salary increases were based on a service-related table. Mortality rates for active members are based on the PUB(10) mortality tables with Public Safety table used for males and the General Employee table used for females. Morality rates for healthy retirees and beneficiaries are based on the Gender-distinct 2019 Municipal Retirees of Texas mortality rates. The rates for actives, health retirees and beneficiaries are projected on a full generational basis by Scale UMP to account for future mortality improvements. For disabled annuitants, the same mortality tables for health retirees is used with a 4-year set-forward for males and a 3-year set-forward for females. In addition, a 3.5% and a 3.0% minimum mortality rate is applied, for males and females respectively, to reflect the impairment for younger members who became disabled. The rates are projected on a fully generational basis by Scale UMP to account for future mortality improvements subject to the floor.

The actuarial assumptions were developed primarily from the actuarial investigation of the experience of TMRS over the four-year period from December 31, 2014 to December 31, 2018. They were adopted in 2019 and first used in the December 31, 2019 actuarial valuation. The post-retirement mortality assumption for Annuity Purchase Rates (APRs) is based on the Mortality Experience Investigation Study covering 2009 through 2011 and dated December 31, 2013. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income, in order to satisfy the short-term and long-term funding needs to TMRS.

NOTE 7 – DEFINED BENEFIT PENSION PLANS (continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. In determining their best estimate of a recommended investment return assumption under the various alternate asset allocation portfolios, GRS focused on the area between (1) arithmetic mean (aggressive) without an adjustment for time (conservative) and (2) the geometric mean (conservative) with an adjustment for time (aggressive). The target allocation and best estimates of real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return (Arithmetic)
Global Equity	30.0%	5.30%
Core-Fixed Income	10.0%	1.25%
Non-Core Fixed Income	20.0%	4.14%
Real Return	10.0%	3.85%
Real Estate	10.0%	4.00%
Absolute Return	10.0%	3.48%
Private Equity	<u>10.0%</u>	7.75%
Total	100%	

Discount Rate:

The discount rate used to measure the Total Pension Liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

tes to the Financial Statements September 30, 2021

SENSITIVITY OF THE NET POSITION LIABILITY TO CHANGES IN THE DISCOUNT RATE

The following presents the net pension liability of the City, calculated using the discount rate of 6.75%, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75%) or 1-percentage-point higher (7.75%) than the current rate:

	1% Decrease in Discount Rate (5.75%)	Discount Rate (6.75%)	1% Increase in Discount Rate (7.75%)
City's net pension liability	\$1,240,778	\$227,328	(570,245)

PENSION PLAN FIDUCIARY NET POSITION

Detailed information about the pension plan's Fiduciary Net Position is available in a separately-issued TMRS financial report. That report may be obtained on the Internet at www.tmrs.com.

NOTE 7 – DEFINED BENEFIT PENSION PLANS (continued)

E. PENSION EXPENSE AND DEFEERED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS

For the year ended September 30, 2021, the city recognized pension expense of \$74,951.

On September 30, 2021, the city reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		red Inflows of desources
Differences between expected and actual economic			
experience	\$	74,849	\$ 303,795
Changes in actuarial assumptions		23,107	-
Differences between projected and actual investment			
earnings		-	125,235
Contributions subsequent to the measurement date		145,841	<u>-</u> _
Total	\$	243,797	\$ 429,030

\$145,841 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the subsequent fiscal year. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended December 31:	Net deferred outflows (inflows) of

HUDSON OAKS

CITY OF HUDSON OAKS, TEXAS

Notes to the Financial Statements September 30, 2021

NOTE 8 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

A. PLAN DESCRIPTION

TMRS administers a defined benefit group-term life insurance plan known as the Supplemental Death Benefits Fund (SDBF), a single-employer plan. This is a voluntary program in which participating member cities may elect, by ordinance, to provide group-term life insurance coverage for their active members, including or not including retirees. The death benefit for active employees provides a lump-sum payment approximately equal to the employee's annual salary (calculated based on the employee's actual earnings, for the 12-month period preceding the month of death). The death benefit for retirees is considered an other post employment benefit (OPEB) and is a fixed amount of \$7,500. As the SDBF covers both active and retiree participants, with no segregation of assets, the SDBF is considered to be an unfunded OPEB plan (i.e. no assets are accumulated).

The member city contributes to the SDBF at a contractually required rate as determined by an annual actuarial valuation. The rate is equal to the cost of providing one-year term life insurance. The funding policy for the SDBF program is to assure that adequate resources are available to meet all death benefit payments for the upcoming year. The intent is not to pre-fund retiree term life insurance during employees' entire careers.

B. BENEFITS PROVIDED

At the December 31, 2020 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiveing benefits	8
Inactive employees entitled to but not receiving benefits	5
Active employees	24
	37

C. TOTAL OPEB LIABILITY

The City's total OPEB liability was measured as of December 31, 2020 and was determined by an actuarial valuation as of that date.

Actuarial Assumptions:

The Total OPEB liability in the December 31, 2020, actuarial valuation was determined using the following actuarial assumptions:

Inflation 2.5% per year

Overpall payroll growth 3.50% to 11.50% including inflation

Retirees' share of benefit related costs \$0

All administrative expenses are paid through the Pension Trust and accounted for under reporting requirements under GASB Statement No. 68.

Notes to the Financial Statements September 30, 2021

NOTE 8 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (continued)

Mortality rates for service retirees were based on the gender distinct RP 2000 Combined Mortality Table with Blue Collar Adjustments with male rates multiplied by 109% and female rates multiplied by 103% and projected on a fully generational basis with scale BB.

Mortality rates for disabled retirees were based on the gender distinct RP 2000 Combined Mortality Table with Blue Collar Adjustment with male rates multiplied by 109% and female rates multiplied by 103% with a 3-year set-forward for both males and females. The rates are projected on a fully generational basis with scale BB to account for future mortality improvements subject to the 3% floor.

The actuarial assumptions used in the December 31, 2020, valuation was based on the results of an actuarial experience study for the period December 31, 2014 to December 31, 2018.

Discount Rate

The discount rate used to measure the Total OPEB Liability was 2.00%. The discount rate was based on the Fidelity Index's "20-Year Municipal GO AA Index" rate as of December 31, 2020.

Changes in the Total OPEB Liability

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the City, calculated using the discount rate of 2.00%, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.00%) or 1-percentage-point higher (3.00%) than the current rate:

	1% Decrease in Discount Rate (1.00%)	Discount Rate (2.00%)	1% Increase in Discount Rate (3.00%)
City's OPEB liability	\$92,459	\$73,371	\$59,127

Notes to the Financial Statements September 30, 2021

NOTE 8 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (continued)

D. <u>OPEB EXPENSE AND DEFERRED OUTLFOWS OF RESOURCES AND DEFERRED</u> INFLOWS OF RESOURCES RELATED TO OPEB

For the year ended September 30, 2021, the City recognized OPEB expense of \$7,870.

On September 30, 2021, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB for the following sources:

	ed Outflows of esources	Deferred Inflows of Resources			
Differences between expected and actual economic	 				
experience	\$ 2,711	\$	390		
Changes in assumptions and other inputs	18,579		2,390		
Contributions subsequent to the measurement date	 -				
Total	\$ 21,290	\$	2,780		

Amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended December 31:	oi (int	deferred atflows flows) of sources
2021	\$	3,219
2022		3,219
2023		3,219
2024		3,219
2025		2,898
Thereafter		2,736
	\$	18,510

NOTE 9 – RISK MANAGEMENT

The City is exposed to various risks of loss related to theft or damage of assets, errors and omissions, injuries to employees, and natural disasters. These risks are covered by the City's participation in the Texas Municipal League Intergovernmental Risk Pool (TMLIRP) for liability, property, and workers' compensation and in the Texas Municipal League Intergovernmental Employee Benefits Pool (TMLIEBP) for employee health insurance. These are self-sustaining risk pools operated on a state-wide basis for the benefit of several hundred Texas cities and other public entities. The City pays annual premiums to the TMLIRP, which retains risk of loss up to \$3,000,000 and obtains independent coverage for losses more than that amount. Monthly premiums are paid to the TMLIEBP, which retains risk of loss up to \$500,000 per individual and obtains independent coverage for losses more than that amount. There have been no reductions in coverage from the coverage in the prior year, and there have been no settlements that exceeded coverage in the current or past four fiscal years.

Notes to the Financial Statements September 30, 2021

NOTE 10 – CONTINGENT LIABILITIES

A. Federal and State Programs

The City participates in certain federal and state-assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. Any liability for reimbursement, which may arise as the result of these audits is not believed to be material.

NOTE 11 – DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code ("IRC") 457. The plan, as amended, is available to all employees and permits them to defer a portion of their salary until future years. Participation is optional. The deferred compensation is not available to employees until termination, retirement, death, or emergency.

All amounts of compensation deferred under the plan (until paid or made available to the employee or other beneficiary) were placed in a trust for the exclusive benefit of the participants and not the beneficiaries. This action is in accordance with changes made to IRS Section 457. The City does not have any fiduciary responsibility or administrative duties relating to the deferred compensation plan other than remitting employees' contribution to the trustees. Accordingly, the City has not presented the assets and liabilities in the Plan in the basic financial statements.

NOTE 12 – WATER AND WASTEWATER SERVICE CONTRACTS

A. Treated Water

During 2010, the City entered into a contract for treated water with the City of Weatherford wherein the City of Weatherford agreed to deliver treated water to an existing meter located at the City of Hudson Oaks LOR Water Plant #2. Charges to the City are based upon a volume charge. The wholesale water charge shall be recalculated annually and becomes effective on January 1st of each year.

B. Wastewater Service

The City entered into a 3-year wastewater service contract with the option of a 2-year extension upon mutual agreement with the City of Weatherford on May 13, 2020 wherein the City of Weatherford agreed to extend a wastewater collection line to the Weatherford city limits just west of the Hudson Oaks city limits and to provide sewage treatment service for amounts of wastewater collected by the City and delivered to the Weatherford System. The City constructed wastewater facilities including a wastewater collection line from the point of entry of the Weatherford System into the City and related lift stations. Charges to the City are based upon a flow charge for the transmission and treatment of wastewater received from the Hudson Oaks system and a capacity charge to compensate Weatherford for the capacity in the Weatherford system necessary to accept the maximum daily flow from the Hudson Oaks system.

C. Fort Worth Water Line Agreement with Willow Park

The City entered into an agreement with Willow park on November 15, 2018 for a 48% ownership in a shared water supply facility and transmission line from the City of Fort Worth. The subsequent debt issuance is shared between the two cities at the same percentage.

otes to the Financial Statements September 30, 2021

NOTE 13 – CONTRACTS AND COMMITMENTS

- A. On August 26, 2010 the City entered into an interlocal agreement with the Town of Annetta, Texas in whereby the City agreed to assist Annetta in the operations and management of Annetta's water system.
- B. In November 2014, the City created the Hudson Oaks Public Improvements District No. 1, for the purposes of designing, acquiring and constructing public improvement projects in the District. The District includes approximately 46 acres in the City. The City has committed to fund improvements of up to \$3,534,000 in the District with \$2,000,000 being funded within 120 days of issuance of a notice to proceed on a new grocery store and once the store opens the remaining actual costs up to \$1,534,000. The City issued new bonds in 2018 to fund the initial \$2,000,000. There was no construction activity for the year ended September 30, 2021.

In July 2015 the City levied an annual assessment of \$.46 per \$100 of net taxable value against the properties in the District through year 2019. This assessment will be used to fund the long-term debt used to fund the public improvements. The City commenced assessments on October 1, 2017.

NOTE 14 – TAX ABATEMENTS

The City is authorized to provide assistance for economic development under Chapter 380 of the Texas Local Government Code. The economic development must serve the purpose of promoting state or local economic development by stimulating business or commercial activity within the City. The assistance may be in the form of loans, grants, tax rebates and use of City personnel and services. The City has entered into Chapter 380 Economic Development Program Agreements with companies and has agreed to provide grants and rebates of sales tax.

The City entered into an economic development agreement dated November 21, 2019, with a developer to reimburse the developer the cost of developing a commercial retail building. The agreement requires the City to rebate to the developer 50% of the City's sales tax collected from the issuance of the certificate of occupancy for a period of four (4) years until the developer has been reimbursed the total sum of \$300,000, whichever occurs first. The City accrued \$31,304 on September 30, 2021 for a sales tax rebate for this economic development.

The City entered into an economic development agreement dated January 30, 2017, with a developer to construct a new facility and provide services to residents. The agreement requires the City to rebate all sales tax collected from the issuance of the certificate of occupancy for taxable services provided outside City limits. The City rebated \$104,037 for the year September 30, 2021.

tes to the Financial Statements September 30, 2021

NOTE 15 – SUBSEQUENT EVENTS

Subsequent events were evaluated through March 15, 2022, which is the date the financial statements were available to be issued.

NOTE 16 - FUTURE ACCOUNTING PRONOUNCEMENTS

GASB Statement No. 87, *Leases* will improve financial reporting by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. This Statement is effective for reporting periods beginning after June 15, 2021. The City has not yet determined the effect this statement will have on its financial reporting.

NOTE 17 - CORONAVIRUS LOCAL FISCAL RECOVERY FUND

Under the American Rescue Plan Act of 2021, the Coronavirus Local Recovery Fund (CLFRF) provides emergency funding for eligible local governments. The U.S. Treasury manages the distribution of these funds to Texas counties and cities with populations above 50,000. Cities, villages, towns, and townships serving populations of less than 50,000 are classified as non-entitlement units of local government and will receive funding distributed by the Texas Division of Emergency Management. \$307,131, or 50% of the total award amount of \$614,262 was received during the year ended September 30, 2021. The funds have not been spent yet and are reported as unearned revenue.

CITY OF HUDSON OAKS, TEXAS Notes to Required Supplementary Information September 30, 2021

NOTE 1 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

1) Budget

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund. All annual appropriations lapse at fiscal year end. The City Administrator is authorized to transfer budgeted amounts between line items and departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the City Council.

The first budget reading for the ensuing year is presented to the City Council no later than the August City Council meeting. A second budget reading, if necessary, is presented no later than the September City Council meeting. A final budget is approved prior to the beginning of the budget year, and the budget is effective September 1 of the budget year. From its date of submission, the proposed budget shall be a public record, and copies are available for the public upon request. One amendment to the budget for the fiscal year was enacted and approved by the City Council.

2) Encumbrances

The City does not record encumbrances for goods and services.

3) Expenditures in excess of appropriations over \$5,000

General government, public safety, streets, parks and facilities, and planning and development all had expenditures in excess of appropriations greater than \$5,000. The largest of these departments, general government, was \$20,741 in excess of appropriations in which additional expenditures related to permit inspections were incurred. All expenditures were covered by increases in budgeted and actual revenues as well as savings from other departments.

CITY OF HUDSON OAKS, TEXAS Notes to Required Supplementary Information September 30, 2021

NOTE 2- DEFINED BENEFIT PENSION PLANS

Notes to Schedule of Contributions

Valuation Date:

Notes Actuarially determined contribution rates are calculated

as of December 31

and become effective in January 13 months later.

Methods and Assumtions Used to Determine

Contribution Rates:

Actuarial Cost Method Entry Age Normal

Amortization Method Level Percentage of Payroll, Closed

Remaining Amortization Period 24 years

Asset Valuation Method 10 Year smoothed market; 12% soft corridor

Inflatiom 2.50%

Salary Increases 3.50% to 11.50% including inflation

Investment Rate of Return 6.75%

Retirement Age Experience-based table of rates that are specific to the

City's plan of benefits. Last updated for the 2019 valuation pursuant to an experience study of the period

2014 - 2018

Mortality Post-retirement: 2019 Municipal Retirees of Texas

Mortality Table. The rates are projected on a fully

generational basis with scale UMP.

Pre-retirement: PUB(10) mortality tables, with the Public

Safety table used for

males and the General Employee table used for females.

The rates are projected

on a fully generational basis with scale UMP.

Other Information:

Notes There were no changes during the year.

NOTE 3 – SCHEDULE OF CHANGES IN OPEB LIABILITY

No assets are accumulated in a trust that meets the criteria of paragraph 4 of GASB Statement No. 75 to pay related benefits.

COMBINING AND INDIVIDUAL FUND STATEMENTS AND SCHEDULES

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for revenue sources that are legally restricted to expenditures for specific purposes.

Police Seizure Forfeiture – This fund is used to account for revenue from police seizures.

STATISTICAL SECTION (Unaudited)

This part of the City of Hudson Oaks Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosure, and required supplementary information says about the City's overall financial health.

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Government-wide Net Position by Component	67 - 68
Government-wide Changes in Net Position	69 - 70
Fund Balances, Governmental Funds	71 - 72
Changes in Fund Balances, Governmental Funds	73 - 74
Principal Sources of Revenue	75 - 76

Revenue Capacity

These schedules contain information to help the reader asses the City's most significant local revenue sources.

Sales Tax Revenue by Business Type	77
Water and Wastewater Sales by Type of Customer	78 - 79
Top Ten Utility Rate Payers	80
Utility Service Rates	81

Debt Capacity

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Government-wide Outstanding Debt	82 - 83
Ratio of Annual Debt Service to Total General Expenditures	84
Direct and overlapping debt	85

Demographic and Economic Information

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Demographic Statistics	86
City Employees by Job Type	87
Capital Assets Information	88 - 89
Operating Indicators	90 - 91

Sources: Unless otherwise noted, the information in these schedules is derived from the Annual Comprehensive Financial Reports for the relevant year. There is no statistical analysis for property tax as the City of Hudson Oaks does not levy an ad valorem tax to its residents or businesses.

Sales Tax is collected at point of purchase in the City of Hudson Oaks at a total rate of 8.25%. Of that total, 6.25% is State tax, .50% is County tax, and 1.5% is City tax.

Franchise taxes are charged for business conducted in the City but for which no location is available for ad valorem tax. The tax as a percentage of revenue is set by contractual agreements.

Licenses and Permits are charged to business performing various construction projects throughout the City. The revenue is collected before a permit is issued and follows an Ordinance passed by City Council.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the City Council City of Hudson Oaks, Texas

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Hudson Oaks, Texas (the "City"), as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated March 15, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Hudson Oaks, Texas' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Protecting Texas by Reducing and Preventing Pollution

August 23, 2022

E-CERTIFIED # 9171 9690 0935 0274 9106 82

Mr. Rhett Micheletti President Palo Duro Service Company Inc. 3505 Williams Rd. Fort Worth, Texas 76116-7029

Re: Additional Compliance Documentation Needed for: Trinity River Estates Public Water System, Weatherford, Parker County, Texas RN 101266153, PWS ID No. 1840099, Investigation No. 1823340

Dear Mr. Micheletti:

The Texas Commission on Environmental Quality (TCEQ) Dallas / Fort Worth (D/FW) Regional Office has received the compliance documentation that you submitted on July 25, 2022, for the alleged violations noted during the investigation of the above-referenced facility conducted on June 14, 2022. The compliance documentation contained in your response appears to indicate that some the problems documented during the investigation have been corrected. However, information is still needed for the alleged violations listed in the enclosed summary. Please submit to our office by **September 23, 2022**, a written description of corrective action taken and the required compliance documentation demonstrating that these remaining alleged violations have been resolved.

The TCEQ appreciates your assistance in this matter and your compliance efforts to protect the State's environment. We look forward to receiving your response for the remaining alleged violations. Please note that the Legislature has granted TCEQ enforcement powers which we may exercise to ensure compliance with environmental regulatory requirements.

If you or members of your staff have any questions, please feel free to contact Mr. Scott Gilrein in the D/FW Regional Office at (817) 588-5881 or scott.gilrein@tceq.texas.gov.

Sincerely,

Crysta Watkins

Team Leader, Public Water Supply Program

Summary of Investigation Findings

Summary of Investigation Findings

TRINITY RIVER ESTATES

Investigation #

904 CLEAR FORK DR

1833801 Investigation Date: 07/29/2022

WEATHERFORD, PARKER COUNTY, TX 76087

Additional ID(s): 1840099

OUTSTANDING ALLEGED VIOLATION(S)

Track No: 815224

Compliance Due Date: 08/08/2022

30 TAC Chapter 290.45(b)(1)(B)(iv)

Alleged Violation:

Investigation: 1823340

Comment Date: 06/15/2022

Failure to provide a pressure tank capacity of 20 gallons per connection.

During the Comprehensive Compliance Investigation on June 14, 2022, it was noted that the water system failed to provide a pressure tank capacity of 20 gallons per connection. The water system serves 29 connections and is required to provide 580 gallons of pressure tank storage, while the system provides a total pressure tank capacity of 440 gallons. Therefore, the water system is approximately 24% deficient of the required pressure tank capacity requirement.

30 TAC 290.45(b)(1)(B)(iv) states for fewer than 50 connections with ground storage, the system must meet the following requirements: a pressure tank capacity of 20 gallons per connection.

Investigation: 1833801

Comment Date: 07/29/2022

Failure to provide a pressure tank capacity of 20 gallons per connection.

During the File Record Review investigation, the investigator determined that inadequate compliance documentation had been submitted by the water system.

Recommended Corrective Action: Provide a minimum total pressure tank capacity of 20 gallons per connection.

Please be advised that public water systems shall notify the executive director prior to making significant change or addition to the system's production, treatment, storage, or distribution facilities. Public water systems shall submit plans and specification for the proposed changes upon request.

In lieu of increasing the pressure tank capacity, an alternative capacity requirement may be requested through correspondence with the TCEQ Technical Review and Oversight Team at the following address:

Technical Review and Oversight Team Plan and Technical Review Section, MC-159 Texas Commission on Environmental Quality P.O. Box 13087 Austin, Texas 78711-3087

Submit documentation indicating that the water system can provide a minimum total pressure tank capacity of 20 gallons per connection, or a copy of the granted exception to the rule to the TCEQ D/FW Regional Office to document that the alleged violation has been corrected.

Track No: 815225 Compliance Due Date: 08/08/2022

30 TAC Chapter 290.45(b)(1)(B)(ii)

Alleged Violation:

Investigation: 1823340 Comment Date: 06/15/2022

Failure to provide a storage tank capacity of 200 gallons per connection.

During the Comprehensive Compliance Investigation on June 14, 2022, it was noted that the water system failed to provide a storage tank capacity of 200 gallons per connection. The water system serves 29 connections and is required to provide 5,800 gallons of storage tank capacity, while the system provides a total storage tank capacity of 5,000 gallons. Therefore, the water system is approximately 14% deficient of the required storage tank capacity requirement.

30 TAC 290.45(b)(1)(B)(ii) states for fewer than 50 connections with ground storage, the system must meet the following requirements: a total storage capacity of 200 gallons per connection.

Investigation: 1833801 Comment Date: 07/29/2022

Failure to provide a storage tank capacity of 200 gallons per connection.

During the File Record Review investigation, the investigator determined that inadequate compliance documentation had been submitted by the water system.

Recommended Corrective Action: Provide a minimum total storage tank capacity of 200 gallons per connection. Please be advised that public water systems shall notify the executive director prior to making significant change or addition to the system's production, treatment, storage, or distribution facilities. Public water systems shall submit plans and specification for the proposed changes upon request. In lieu of increasing the pressure tank capacity, an alternative capacity requirement may be requested through correspondence with the TCEQ Plan and Technical Review Section.

Submit documentation indicating that the water system can provide a minimum total storage tank capacity of 200 gallons per connection, or a copy of the granted exception to the rule to the TCEQ D/FW Regional Office to document that the alleged violation has been corrected.

Track No: 815229 Compliance Due Date: 08/08/2022

30 TAC Chapter 290,46(s)(1)

Alleged Violation:

Investigation: 1823340 Comment Date: 06/15/2022

Failure to calibrate the well meters at least once every three years.

During the Comprehensive Compliance Investigation on June 14, 2022, it was noted that the water system failed to calibrate the well meters at least once every three years. Specifically, the water system failed to calibrate the well meters once every three years for Well G1840099A and Well G1840099B.

30 TAC 290.46(s)(1) states well meters required by 30 TAC 290.41(c)(3)(N) shall be calibrated at least once every three years.

Investigation: 1833801 Comment Date: 07/29/2022

Failure to calibrate the well meters at least once every three years.

During the File Record Review investigation, the investigator determined that inadequate compliance documentation had been submitted by the water system. On July 25, 2022, the water system submitted a copy of the purchase receipt of two new flow meters for the wells. The water system indicated that they had not yet received the new flow meters or manufacturer calibration records. At this time, this appears insufficient to resolve the alleged violation.

Recommended Corrective Action: Calibrate the flow meters for Well G1840099A and Well G1840099B, or conduct an accuracy check on each meter to ensure proper operation. If an accuracy check is performed and the percent error is greater than plus or minus five percent, the meters must be calibrated. If an accuracy check is performed with acceptable results,

provide a copy of the accuracy check which must include the date, instrument used for the accuracy check, percent error, and results. If the meters are calibrated, please submit a copy of the calibration certifications. If replaced with a new meter, please send a copy of the purchase receipt and calibration certification from the manufacturer. Submit the required documentation and a letter stating the corrective actions taken by the water system to the TCEQ D/FW Region Office.

ALLEGED VIOLATION(S) NOTED AND RESOLVED

Track No: 815226

30 TAC Chapter 290.43(c)(4) 30 TAC Chapter 290.46(m)

Alleged Violation:

Investigation: 1823340 Comment Date: 06/15/2022

Failure to maintain a functioning liquid level indicator for the ground storage tank.

During the Comprehensive Compliance Investigation on June 14, 2022, it was noted that the water system failed to maintain a functioning liquid level indicator for the ground storage tank.

30 TAC 290.46(m) states maintenance and housekeeping. The maintenance and housekeeping practices used by a public water system shall ensure the good working condition and general appearance of the system's facilities and equipment. The grounds and facilities shall be maintained in a manner so as to minimize the possibility of the harboring of rodents, insects, and other disease vectors, and in such a way as to prevent other conditions that might cause the contamination of the water.

30 TAC 290.43(c)(4) states all clearwells and water storage tanks shall have a liquid level indicator located at the tank site. The indicator can be a float with a moving target, an ultrasonic level indicator, or a pressure gauge calibrated in feet of water. If an elevated tank or standpipe has a float with moving target indicator, it must also have a pressure indicator located at ground level. Pressure gauges must not be less than three inches in diameter and calibrated at not more than two foot intervals. Remote reading gauges at the owner's treatment plant or pumping station will not eliminate the requirement for a gauge at the tank site unless the tank is located at the plant or station.

Failure to maintain a functioning liquid level indicator for the ground storage tank.

During the File Record Review investigation, the investigator determined that adequate compliance documentation had been submitted by the water system.

Recommended Corrective Action: Provide documentation including, but not limited to, photographs, work orders, and invoices/receipts to the TCEQ D/FW Regional Office demonstrating that the ground storage tank maintains a functioning liquid level indicator to document that the alleged violation has been corrected.

Resolution: On July 25, 2022, documentation was received from the water system at the TCEQ D/FW Regional Office. Included in the documentation was a photograph of the replaced functioning liquid level indicator for the ground storage tank. This appears sufficient to resolve the alleged violation

Track No: 815227

30 TAC Chapter 290.42(I)

Investigation: 1833801

Alleged Violation:

Investigation: 1823340 Comment Date: 06/15/2022

Failure to maintain a plant operations manual.

During the Comprehensive Compliance Investigation on June 14, 2022, it was noted that the

Comment Date: 07/29/2022

water system failed to maintain a plant operations manual.

30 TAC 290.42(I) states that a thorough plant operations manual must be compiled and kept up to date for operator review and reference. This manual should be of sufficient detail to provide the operator with routine maintenance and repair procedures, with protocols to be utilized in the event of a natural or man made catastrophe, as well as provide telephone numbers of water system personnel, system officials, and local/state/federal agencies to be contacted in the event of an emergency. If operating a reverse osmosis or nanofiltration membrane system, the manual must also include the system's configuration, baseline performance data, and any set point for membrane cleaning or replacement.

Investigation: 1833801

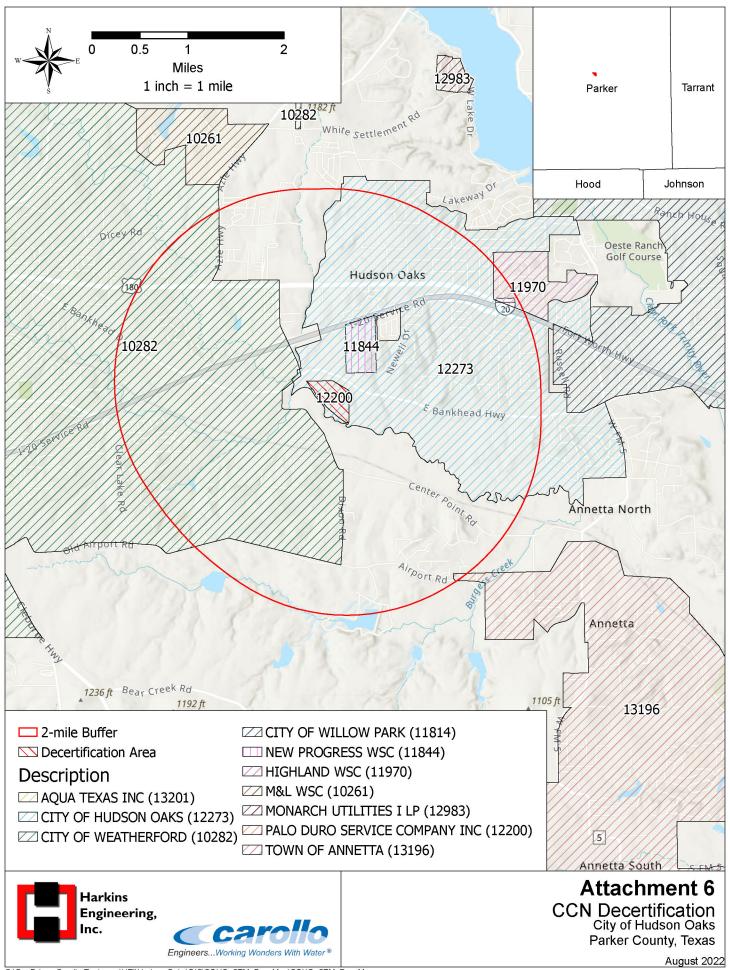

Failure to maintain a plant operations manual.

During the File Record Review investigation, the investigator determined that adequate compliance documentation had been submitted by the water system.

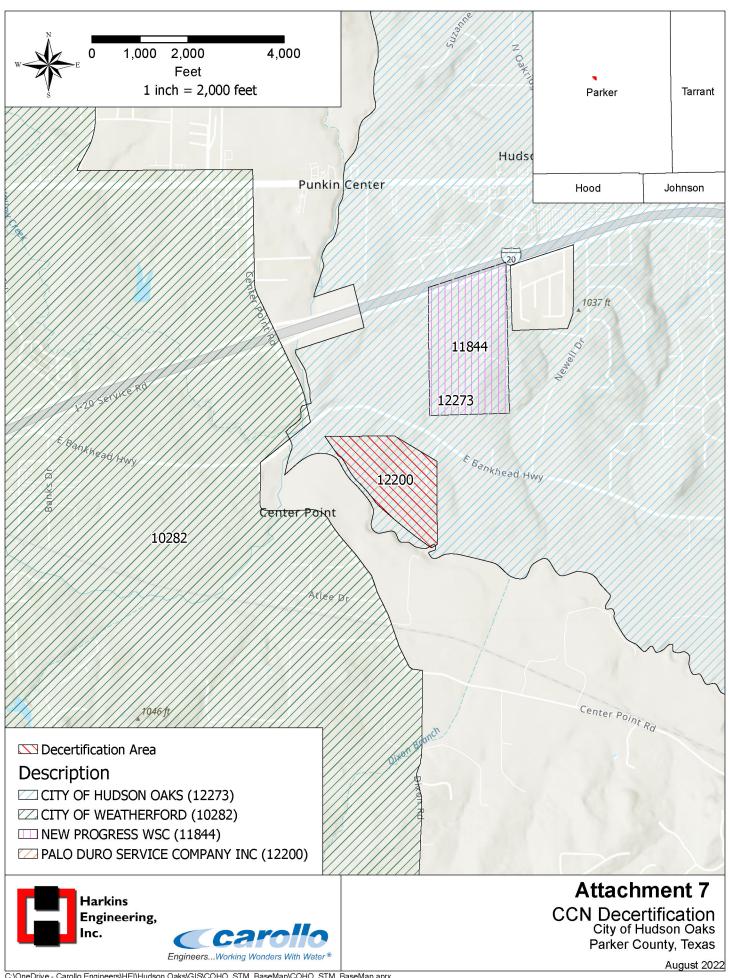

Recommended Corrective Action: Prepare and maintain a plant operations manual. Provide a copy of the plant operations manual to the TCEQ D/FW Region Office to document that the alleged violation has been corrected.

Resolution: On July 25, 2022, documentation was received from the water system at the TCEQ D/FW Regional Office. Included in the documentation was a copy of the plant operations manual for Trinity River Estates. This appears sufficient to resolve the alleged violation.

This quotation is subject to change at any time. We recommend all customers check the validity of their quote prior to submitting a Purchase Order. Once the Purchase order has been accepted, the price remains subject to change. In the event that the price of materials increases by 10% or more over the price of materials in effect at the time a Purchase Order is issued, LFM shall have the right to unilaterally increase the amount of the Purchase Order to reasonably accommodate for the increase in the cost of such materials. This potential price adjustment will remain in effect until the product is manufactured. This policy will also remain in effect for delivery charges. Therefore, if necessary, a fuel surcharge will be added to deliveries to reflect fuel price escalations since date of Purchase Order

CLARIFICATIONS AND EXCEPTIONS:

Quote Doc: None

Certification applies. Certificate of Proof upon request only. Certification: Code/Design: Fabricated in general accordance with AWWA D120-09.

Minimum tank top roof loads to be 25 psf uniform load and 250lb concentratedload on a 16" square area unless customer Top Head:

specified to be greater.

Flanges: Dimensions, drilling and thickness per ASME B16.5 150lb Class for <24", and ASME B16.1 for =/>24". Plate Gussets provided

for any 4" and smaller flanges.

Dimensions, drilling and thicknesses per ASTM D3299-18 Table 5 unless noted otherwise. Manways: Post Cure: Provided if required per manufacturers recommendation (if not otherwise stated)

Items/Services SPECIFIED but NOT Provided:

None

Items/Services NOT SPECIFIED and NOT Provided:

Spare parts and/or tools for installation External Ladder and Top Handrail External Pipe Support Brackets

Nozzle connection hardware and gaskets unless noted otherwise

Tank Mixer/Agitator and Mixer/Agitator support bridge

Design by Finite Element Analysis (FEA)

Design of the tank foundation or equipment pad

Acoustic Emission Testing Tank Instrumentation

Tank accessory installation at project site

Installation and/or field services

Anchor bolts & embedment depth design requirements

Anchor bolt templates for aligning hold down lugs and pre-installed anchors Submittals:

Fabrication drawings with general arrangement, thicknesses, laminate sequences and details including "As-Builts" per specification or upon request; Calculations with PE stamp when specified; QC documentation documents per LFM std.

Freight: Estimated (1) separate truck loads; Pricing is subject to change if the number of loads changes or additional loads are

required. Pricing is for estimation purposes only.

FOB: Project site if pricing offered.

Off-Loading: Responsibility of the purchaser or purchasers' agent at the project site Payment:

Payment terms based upon credit approval.

Taxes: Local, state and federal taxes are not included in the pricing offered.

Terms/Cond.: Fiber Glass Systems, L.P. standard terms and conditions are incorporated by reference.

Warranty: LFM Standard - (1) Year

Terms of the proposal are limited to (7) days from the above date.

All purchase orders must be made out to Fiber Glass Systems, L.P. Effective immediately, NOV FGS requires end user and end destination listed on all purchase orders. Fiber Glass Systems, L.P. standard terms and conditions are incorporated by reference.

In the coming weeks and months you will begin seeing references to Fiber Glass Systems, L.P. and to either or both of the following logos. NOV is the parent company of Fiber Glass Systems - of which LFM is now a part.

LFM's new Parent Company

LFM's new Business Unit, within NOV
