APPLICATION OF MEGAN ESTES DBA §   PUBLIC UTILITY COMMISSION
CEDAR CREEK WATER SUPPLY FOR §
A CLASS D RATE ADJUSTMENT §   OF TEXAS

ORDER NO. 1
NOTIFICATION OF INTENT TO CONSOLIDATE DOCKETS

On December 12, 2022, in Docket No. 54459, Megan Estes dba Big Creek West Water Supply filed an application for a class D rate adjustment for the Big Creek West Water Supply public water system under certificate of convenience and necessity (CCN) number 13282. On December 19, 2022, in Docket No. 54500, Megan Estes dba Cedar Creek Water Supply filed an application for a class D rate adjustment for the Cedar Creek Water Supply public water system under CCN number 13282.

In accordance with 16 Texas Administrative Code § 22.34(a), the administrative law judge (ALJ) provides prior notice of his intent to consolidate Docket Nos. 54459 and 54500 into a single docket, Docket No. 54459. The same unnecessary duplication of effort and need for consolidation was experienced in Docket Nos. 51977 and 52043, both filed by Ms. Estes last year. In future years, Ms. Estes is admonished to include Megan Estes dba Big Creek West Water Supply and Megan Estes dba Cedar Creek Water Supply in a single application for any 5% rate increase.

By January 3, 2023, Commission Staff and Ms. Estes may file comments on the consolidation. Further, the ALJ suspends the deadline for Commission Staff to file comments on the administrative completeness of the application and notice in Docket No. 54459.

Signed at Austin, Texas the 20th day of December 2022.
