DOCKET NO. 54459

**APPLICATION OF MEGAN ESTES FOR § PUBLIC UTILITY COMMISSION
A CLASS D RATE ADJUSTMENT §
§ OF TEXAS**

**ORDER NO. 4
REQUIRING COMMISSION STAFF TO PREPARE NOTICE**

In this matter, Megan Estes seeks 5% rate adjustments for its two water systems. In its applications, Megan Estes provided proposed notices. On January 30, 2023, Commission Staff suggested revisions to the proposed notices. Commission Staff attached its revised proposed notices, but they are in the form of Excel spreadsheets, rather than Word format, and do not contain all the required text. So that the final notices can be reviewed and approved by the administrative law judge (ALJ), Commission Staff must, by February 10, 2023, file the complete proposed notices for Big Creek West and Cedar Creek that Commission Staff believes are appropriate, using Word format.

Signed at Austin, Texas the 3rd day of February 2023.

PUBLIC UTILITY COMMISSION OF TEXAS
