**ORDER NO. 8**

**FINDING APPLICATION REMAINS ADMINISTRATIVELY INCOMPLETE,  
ESTABLISHING DEADLINES, AND PROVIDING OPPORTUNITY TO CURE**

This Order addresses the sufficiency of the December 12, 2022 application filed by Orange County Water Control & Improvement District No. 1 and Lexington Water Systems, Inc. On February 28, May 11, and August 15, 2023, Orange County supplemented its application.

On August 30, 2023, Commission Staff filed a supplemental recommendation on administrative completeness and notice and a proposed procedural schedule.

The administrative law judge (ALJ) finds the application remains administratively incomplete and deficient. Under 16 Texas Administrative Code § 24.8(d), the Commission does not consider the application filed until it makes a determination that the application is administratively complete. Thus, at this time the application is not considered filed with the Commission.

By October 2, 2023, the applicant must supplement the application to cure the deficiencies described in the August 30, 2023 memorandum of Patricia Garcia, attached to Commission Staff's recommendation. Until the Commission receives and reviews the supplemental information, the application cannot proceed. The applicants must not issue notice until the application is deemed administratively complete.

By November 2, 2023, Commission Staff must file supplemental recommendation regarding the administrative completeness of the application, along with a proposed procedural schedule, if appropriate.

Signed at Austin, Texas the 31st day of August 2023.
