**CORRECTED ORDER NO. 10<sup>1</sup>  
REQUIRING CLARIFICATION**

This Order addresses Commission Staff’s June 6, 2023 recommendation on final disposition. In its recommendation, Commission Staff states, “Texas Water is proposing to make improvements to the Woodland Oaks Subdivision’s water and sewer system. The proposed capital improvements are expected to exceed \$100,000, therefore the need for firm capital commitment under 16 [Texas Administrative Code] § 24.11(e)(5) is required.”<sup>2</sup>

By July 18, 2023, Texas Water Utilities, LP must clarify whether its planned capital improvements are necessary for it to provide water and sewer service that meets the Texas Commission on Environmental Quality’s minimum requirements following its acquisition of the water and sewer systems at issue in this proceeding. Additionally, Texas Water Utilities must identify the documents in the record that constitute its capital improvements plan.
