The proposed increase will triple our monthly bill. I feel this is very excessive. We use very little water, so doubling the water charge from \$26.00 to \$54.03 and not including the first 1,000 gallons anymore, as well as the \$30.00 pass through charges are not fair. I know there are a lot of people with fixed or low income that can't afford this. I currently have four lots. Two with active meters, one with inactive meter, and one undeveloped. This will hurt me financially.
