**Item Number - 2308**

Public Utility Commission of Texas

Prehearing Docket no. 54565 June 15 th 2023 10:00 am

CSWR is charging \$70.00 minimum charge for water that I don't use for drinking nor cooking due to regular issued notices from TECQ of maximum contaminant levels and the sediments in the water that clogs up plumbing fixtures to the point where they become non operational and very difficult to impossible to clean.

The commode becomes built up with sediment to the point that water doesn't pass thru and needs to be replaced.

Minimum cswr charge \$70.00 per month//\$840.00per year  
drinking /cooking water \$438.00per year  
extra cleaning supplies \$ 110.00 per year  
plumbing fixture replacement \$\$\$\$\$\$\$\$\$\$\$\$\$\$

---

total for water service one year \$1,388  
per month minimum plus consumption \$115.00
