re: PUC Docket
54565

Feb, 12, 2023

We have been customers of this water company and at least two of the prior companies for many years. Historically, since the early 90's, this rural system has had issues with outages, quality, repairs. What one comes to accept as a condition of where we choose to live. Granted, things have slowly improved, but they are not flawless.

We feel a slight increase in rates may indeed be justified, however, Doubling Them Is NOT.

We Protest
