Control Number - 54617

Item Number - 150

Dear Sirs,

My name is Steve Sullivan. I am the sole owner and seller of the water systems under contract between Southern Horizons Development Inc. and Texas Water Utilities, Docket # 54617. I prayerfully and respectfully request that the Commission consider adding this case as soon as possible to the Docket for consideration hopefully, and preferably, on the January 16th meeting.

I began my CCN in 1997. I am 62 years old with some health issues that I am dealing with. It has been over two years that we have attempted to close on these water systems, and my contract with my operator is about to expire. I realize the commission must be incredibly busy. I pray for your consideration to add this case to the January docket.

Thank you for your time and ponderance on this.

Respectfully,

Steve Sullivan
