Docket No. 54617

23 August 2023

Public Utility Commission of Texas

Central Records

P.O.Box 13326

Austin, TX 78711-3326

Subject: Request for a Hearing for PUC Docket No. 54617

TO WHOM IT MAY CONCERN

We request a hearing for the purpose of contesting the unjustly imposed new tariff rates. The majority of consumers in these 3 subdivisions are seniors/low income/fixed income individuals. The proposed tariff will place great strain on our households and force us to make serious changes/choices.

Current tariff for 3000 gallons is approx.. \$36.01

Proposed tariff for 3000 gallons is approx..\$69.31

This change alone would provide an increase for TWU of approx. \$180,000.00 per year.

Therefore, we request a hearing with the hope that we can appeal to the new water utility (TWU) in achieving a new tariff rate that can serve both.

We strongly hope that our plea in this matter will be heard and not fall on deaf ears.
