Subject: Request for a Hearing for PUC Docket No. 54617

TO WHOM IT MAY CONCERN

I request a hearing for the purpose of contesting the imposed new tariff rates. The majority of consumers are seniors/veterans/low income/fixed income individuals. The proposed tariff will place great burden on our households and force us to make changes/choices.

Therefore, we request a hearing with the hope that we can appeal in achieving a new tariff rate that can serve both.

I strongly plea in this matter will be heard and not fall on deaf ears.
