**ORDER NO. 7  
SETTING DEADLINE**

This Order addresses Order No. 6 filed on July 20, 2023. To date, Evelyn Dangerfield has not responded to any Order or inquiry in this proceeding or filed any further information other than her original appeal.

The administrative law judge continues to believe that this proceeding may be better processed as a formal complaint rather than an appeal of the cost of obtaining service.

On or before September 11, 2023, Ms. Dangerfield must clarify whether she requests that docket proceed as a formal complaint, and may respond to Commission Staff's March 17, 2023 motion to dismiss this proceeding.

**Signed at Austin, Texas the 28th day of August 2023.**
