<b>APPLICATION OF ENVIRO- MANAGEMENT FOR AUTHORITY TO CHANGE RATES</b>	<b>§ § §</b>	<b>PUBLIC UTILITY COMMISSION  OF TEXAS</b>
--	----------------------	--

**ORDER REMANDING PROCEEDING TO DOCKET MANAGEMENT**

This Order addresses the application of Sheila Agnew dba Enviro-Management for authority to change its water rates and associated tariff.

Enviro-Management's existing tariff includes a \$0.07 pass-through fee per 1,000 gallons used based on Lonestar Groundwater Conservation District's (LGCD) pumpage fee.<sup>1</sup> The parties filed a revised proposed tariff on September 30, 2024; but the revised proposed tariff did not include the LGCD pass-through fee.

At the November 14, 2024 open meeting, the Commission considered a revised proposed order and revised proposed tariff filed in this proceeding. The Commission requested clarification from the parties on whether the LGCD \$0.07 pass-through fee was intentionally or unintentionally left off the revised proposed tariff. Commission Staff confirmed the \$0.07 pass-through fee was unintentionally excluded from the revised proposed tariff.

Consistent with the discussion at the November 14, 2024 open meeting, the Commission remands this proceeding to Docket Management. The purpose of the remand is to allow Commission Staff the opportunity to file a second revised proposed tariff and a motion to admit the additional evidence into the record. Docket Management should file a second revised proposed order to reflect the second revised proposed tariff, for consideration at a future open meeting.
