Re: City of Carbon and Staff WSC STM – Eastland County      Docket No. 54718

Dear PUC:

In response to the Order # 8 for the application of the City of Carbon, TX to take over the two facility lines from Staff WSC (CCN 11155) known as Kokomo and Flatwood, this is the monthly report.

The coordination between the City of Carbon and Staff WSC on the transfer of the facility lines is continuing. Meter readings are being performed by the City of Carbon in conjunction with Staff WSC, having done so for the past seven months.

Customers with deposits at Staff WSC were returned with the final bill. The City of Carbon has set up new accounts for the current Staff WSC customers and is installing new equipment to facilitate the transition. Transaction is expected to be completed February 1, 2024.

There will be no interruption in service to those customers in the transition.

The City of Carbon and Staff WSC will continue to fulfill the ordering provisions #2 and #6.
