INTEGRA'S RESPONSE TO STAFF'S SECOND REI

STAFF 2-1: Explain what the 300 connection count figure listed in schedule VI-2 is referring to. The reference listed does not have that number.

RESPONSE: At Test Year end, Integra maintained 192 active connections on the system (See Schedule I-3). However, to reflect anticipated future growth that will occur after the approval of rates, and to mitigate the anticipated impact on monthly customer bills from the required increase, Integra utilized 300 monthly customers as part of determining requested rates within this application.
