Docket No. EG25-267-000

NOTICE OF SELF-CERTIFICATION OF
EXEMPT WHOLESALE GENERATOR STATUS

Pursuant to section 366.7(a) of the Federal Energy Regulatory Commission's (Commission) rules,¹ South Pecos Clean Energy Center LLC (Company) hereby submits this notice of self-certification that it is an exempt wholesale generator (EWG) as defined in section 366.1 of the Commission's rules.² In support of this notice, the Company states as follows:

I. CORRESPONDENCE AND COMMUNICATIONS

All communications and correspondence regarding this notice should be sent to the following persons who are authorized to receive service:

Ibeth Caviedes Project Engineer ON Energy Storage, Inc. 2900 SW 28th Terrace Suite 701 Miami, FL 33133 Tel: (786) 580-9698	Nicholie Scott Project Manager ON Energy Storage, Inc. 1301 Mckinney St, Suite 323 Houston, TX 77010 Tel: (703) 282-8373
Eduardo M. Garcia Pinedo Head of Project Services ON Energy Storage, Inc. 1301 Mckinney St, Suite 323 Houston, TX 77010 Tel: (786) 717-1150	

II. DESCRIPTION OF THE COMPANY

¹ 18 C.F.R. § 366.7(a).

² *Id.* § 366.1.

The Company is a Texas Limited Liability Company that has been formed to develop, own, and operate a Battery Energy Storage System (BESS) facility of 9.99 MW (the Facility) that will be located on a site in Reeves County, State of Texas. The Facility is estimated to begin generating electricity in the last quarter of 2025. The Facility will be comprised of battery racks, power conversion systems, transformers and associated facilities and equipment necessary for the generation of power at wholesale. The Facility will also include electric interconnection facilities necessary to effectuate the Company's wholesale power sales from the Facility. The Facility will be interconnected with the transmission system owned by Texas-New Mexico Power.

III. REPRESENTATIONS REGARDING EXEMPT WHOLESALE GENERATOR STATUS

- a. The Company is engaged directly, or indirectly through one or more affiliates as defined in section 366.1 of the Commission's regulations, and exclusively in the business of owning or operating, or both owning and operating, all or part of one or more eligible facilities and selling electric energy at wholesale.
- b. The Facility is an "eligible facility" because (i) it is used for the generation of electric energy exclusively for sale at wholesale and (ii) it includes only those interconnecting transmission facilities that are necessary to effect a sale of electric energy at wholesale.
- c. No rate or charge for, or in connection with, the construction of the Facility, or for electric energy produced by the Facility (other than any portion of a rate or charge which represents recovery of the cost of a wholesale rate or charge), was in effect under the laws of any state on October 24, 1992. Therefore, no determinations by a state commission are necessary for this self-certification to become effective.
- d. No portion of the Facility is owned or operated by an electric utility company that is an affiliate or associate company of the Company, as defined in section 366.1 of the Commission's regulations.

IV. STATE COMMISSION NOTIFICATION

As required by section 366.7(a) of the Commission's regulations, a copy of this self certification has been filed with the State of Mind Public Service Commission, the state commission of the state in which the Facility is located.

V. CONCLUSION

For the reasons set forth in this notice of self-certification, the Company satisfies the requirements for EWG status.

Respectfully Submitted

Eduardo M. Garcia Pinedo
