RE: October 12, 2023 Open Meeting – Item No. XX
Project No. 54986 – Petition of the North American Number Plan Administrator on behalf of the Texas Telecommunications Industry for Relief of the 218/346/713/832 NPA Overlay.

A proposed order in the above-referenced docket is posted for consideration and action by the Commission. If the Commission approves the proposed order, I recommend the following changes.

I recommend adding a new finding of fact after finding of fact 7 for completeness in support of ordering paragraph 2.

XX. Texas telecommunications industry participants reached consensus to recommend to the Commission a nine-month schedule for implementation of the overlay, with relief in place six months before the forecast exhaust date.

I also recommend adding a new conclusion of law after conclusion of law 3 for completeness and for consistency with prior Commission orders in similar projects.

XX. The Commission has the authority to approve and implement the recommended NPA relief under PURA § 14.001 and 47 C.F.R. § 52.19.

Additionally, the Commission should delegate to the Office of Policy and Docket Management the authority to modify the order to conform to the Citation and Style Guide for the Public Utility Commission of Texas and to make other non-substantive changes to the order for such matters as capitalization, spelling, grammar, punctuation, style, correction of numbering, and readability.
