<b>APPLICATION OF CITY OF FORT</b>	<b>§</b>	<b>PUBLIC UTILITY COMMISSION</b>
<b>WORTH TO AMEND A CERTIFICATE</b>	<b>§</b>	
<b>OF CONVENIENCE AND NECESSITY</b>	<b>§</b>	<b>OF TEXAS</b>
<b>AND FOR DUAL CERTIFICATION</b>	<b>§</b>	
<b>WITH THE CITY OF HURST IN</b>	<b>§</b>	
<b>TARRANT COUNTY</b>	<b>§</b>	

**THE CITY OF FORT WORTH’S RESPONSE TO ORDER NO. 4**

**TO:** Honorable Jeffrey J. Huhn, Administrative Law Judge, Public Utility Commission of Texas  
COMES NOW, the City of Fort Worth, by and through its counsel, and respectfully files  
“The City of Fort Worth’s Response to Order No. 4”

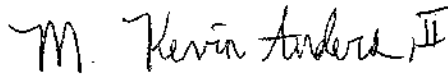

**I. BACKGROUND**

On May 25, 2023, the City of Fort Worth (“Fort Worth”) filed an application to amend Certificate of Convenience and Necessity (“CCN”) No. 12311 and for dual certification with the City of Hurst, CCN No. 10104, (“Hurst”) in Tarrant County (“Application”). The City filed supplemental information on July 26, 2023 and September 14, 2023. PUC Commission Staff filed its supplemental recommendation on administrative completeness on October 25, 2023. The ALJ found the City’s application administratively complete on October 27, 2023 and adopted a procedural schedule requiring the City to publish notice to the affected parties and in a newspaper of general circulation. The ALJ gave the City until December 11, 2023 to file affidavits with the Commission regarding the City’s compliance with the requirement to publish notice.

**II. THE CITY OF FORT WORTH’S RESPONSE TO ORDER NO. 4**

In response to the ALJ’s order signed on October 27, 2023, the City hereby files the signed affidavits which are included and incorporated herein by reference, attesting that the City notified, by first-class mail, affected entities on November 3, 2023, and that the City published notices in the Fort Worth Star-Telegram, a newspaper of general circulation in Tarrant County, on November 6, 2023 and November 13, 2023.

Respectfully submitted,

---

# FC Dallas jump on Sounders early, tie 1st-round series

Field Level Media

Paul Arriola and Jesus Ferreira each scored within the first 18 minutes to lead FC Dallas to a 3-1 win over the visiting Seattle Sounders on Saturday night in Match 2 of their first-round best-of-three MLS Cup playoff series.

The result sets up a winner-take-all Match 3 in Seattle next Friday.

Jader Obrian also scored for FC Dallas, while Jordan Morris tallied Seattle's only goal of the match.

The Sounders took a three-match shutout streak into Saturday's action, including their 2-0 victory over Dallas in Match 1. However, it took FC Dallas just six minutes to find the back of the net in Match 2.

Bernard Kamungo sent in a perfect arcing pass from outside the box that found an open Arriola in front of the net, and the Dallas captain's header beat goalkeeper Stefan Frei.

Kamungo was also involved in the setup of Dallas' next goal, as the striker was taken down in the box by Seattle defender Nouhou Tolo. FC Dallas were awarded an 18th-minute penalty kick after a video review, and Ferreira converted it for his first career MLS playoff goal.

Echoing Dallas' quick start, the Sounders responded early in the second half. In the 48th minute, an ill-advised back pass from Kamungo toward Sebastien Ibeagha was taken away by Morris, who raced into the box and converted a well-placed, right-footed kick.

TIM HEITMAN USA TODAY NETWORK

FC Dallas forward Paul Arriola (7) celebrates with team after scoring a goal against Seattle Sounders during the first half of Game 2 in a first-round MLS Cup Playoffs match in Frisco, Texas, on Saturday. Dallas won 3-1 to tie the best-of three series at 1-1.

Initially ruled an off-sides play, the goal was validated after a brief discussion between the officials, giving Morris his second goal of the first-round series.

The next key ruling wasn't in the Sounders' favor, as Ferreira pulled the jersey of Raul Ruidiaz in the box when Ruidiaz was pursuing a cross in the 74th minute. Seattle wasn't awarded a penalty kick upon video review, as Ferreira's pull wasn't judged to have been an impediment to a true scoring chance.

Near-misses from Ruidiaz and Obed Vargas almost gave Seattle the equalizer before Obrian sealed FC Dallas' win in the 89th minute. Just six minutes after entering the match as a substitute, Obrian took the ball at midfield and raced downfield, taking the shot himself between two teammates acting as decoys.

### TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

#### NOTICE OF APPLICATION AND PRELIMINARY DECISION FOR TPDES PERMIT FOR MUNICIPAL WASTEWATER RENEWAL PERMIT NO. WQ0010494013

**APPLICATION AND PRELIMINARY DECISION.** City of Fort Worth, 200 Texas Street, Fort Worth, Texas 76102, has applied to the Texas Commission on Environmental Quality (TCEQ) for a renewal of Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0010494013, which authorizes the discharge of treated domestic wastewater at an annual average flow not to exceed 166,000,000 gallons per day. TCEQ received this application on January 17, 2023.

The facility is located at 4500 Wilma Lane, in the City of Fort Worth, in Tarrant County, Texas 76012. The treated effluent is discharged directly to Lower West Fork Trinity River in Segment No. 0841 of the Trinity River Basin. The designated uses for Segment No. 0841 are primary contact recreation and intermediate aquatic life use. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.  
<https://gisweb.tceq.texas.gov/LocationMapper/?marker=97.143333,32.775833&level=18>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Fort Worth City Hall, 200 Texas Street, Fort Worth, Texas.

**ALTERNATIVE LANGUAGE NOTICE.** Alternative language notice in Spanish is available at <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices>. El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices>.

**PUBLIC COMMENT / PUBLIC MEETING.** You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

**OPPORTUNITY FOR A CONTESTED CASE HEARING.** After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

**TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST:** your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period. TCEQ may act on an application to renew a permit for discharge of wastewater without providing an opportunity for a contested case hearing if certain criteria are met.

**EXECUTIVE DIRECTOR ACTION.** The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

**MAILING LIST.** If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

All written public comments and public meeting requests must be submitted to the Office of the Chief Clerk, MC 105, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, TX 78711-3087 or electronically at [www.tceq.texas.gov/goto/comment](http://www.tceq.texas.gov/goto/comment) within 30 days from the date of newspaper publication of this notice.

**INFORMATION AVAILABLE ONLINE.** For details about the status of the application, visit the Commissioners' Integrated Database at [www.tceq.texas.gov/goto/cid](http://www.tceq.texas.gov/goto/cid). Search the database using the permit number for this application, which is provided at the top of this notice.

**AGENCY CONTACTS AND INFORMATION.** Public comments and requests must be submitted either electronically at [www.tceq.texas.gov/goto/comment](http://www.tceq.texas.gov/goto/comment), or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC 105, P.O. Box 13087, Austin, Texas 78711-3087. If any personal information you submit to the TCEQ will become part of the agency's record, this includes email addresses. For more information about this permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040 or visit their website at [www.tceq.texas.gov/goto/pep](http://www.tceq.texas.gov/goto/pep). Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from City of Fort Worth at the address stated above or by calling Ms. Stacy Walters at 817-392-8203.

Issuance Date: October 10, 2023

#### TEXAS COMMISSION ON ENVIRONMENTAL QUALITY NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN AIR PERMIT (NORI) AIR QUALITY

PERMIT NUMBER 169897

**APPLICATION** H. B. Fuller Company, has applied to the Texas Commission on Environmental Quality (TCEQ) for: Amendment of Permit 169897

This application would authorize modification of the Adhesive and Sealants Manufacturing Facility located at 300 South 6th Avenue, Mansfield, Tarrant County, Texas 76063. This application is being processed in an expedited manner, as allowed by the commission's rules in 30 Texas Administrative Code, Chapter 101, Subchapter J. **AVISO DE IDIOMA ALTERNATIVO.** El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/air/newsourcesreview/airpermits-pending-permit-apps>. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. <https://gisweb.tceq.texas.gov/LocationMapper/?marker=97.158611,33.233333&level=13>. The facility will emit the following contaminants: hazardous air pollutants, organic compounds and particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less.

This application was submitted to the TCEQ on October 19, 2023. The application will be available for viewing and copying at the TCEQ central office, the TCEQ Dallas/Fort Worth regional office, and the Arlington Public Library - Southeast Branch, 900 Southeast Green Oaks Boulevard, Arlington, Tarrant County, Texas beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Dallas/Fort Worth regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application.

**PUBLIC COMMENT.** You may submit public comments to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application and the executive director will prepare a response to those comments.

**PUBLIC MEETING.** You may request a public meeting to the Office of the Chief Clerk at the address below. The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if requested by an interested person and the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

**NOTICE OF APPLICATION AND PRELIMINARY DECISION.** In addition to this NORI, 30 Texas Administrative Code (TAC) § 39.419 requires this application to also have a Notice of Application and Preliminary Decision (NAPD) after the application is determined to be technically complete and a draft permit is prepared. **Note: The TCEQ may act on this application without issuing a NAPD and without seeking further public comment or providing further opportunity for a contested case hearing if changes to representations in the application make the application no longer subject to the applicability requirements of 30 TAC § 39.402. In such cases, this NORI will be your final notice of this application and you will not have additional opportunities to make comments or request a contested case hearing.** If a NAPD is required, it will be published and mailed to those who made comments, submitted hearing requests, or are on the mailing list for this application, and contain the final deadline for submitting public comments.

**OPPORTUNITY FOR A CONTESTED CASE HEARING** You may request a contested case hearing if you are a person who may be affected by emissions of air contaminants from the facility. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, and daytime phone number; (2) applicant's name and permit number; (3) the statement "[I/we] request a contested case hearing"; (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or an association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns.

**The deadline to submit a request for a contested case hearing is 30 days after newspaper notice is published. If a request is timely filed, the deadline for requesting a contested case hearing will be extended to 30 days after the mailing of the response to comments.**

If a hearing request is timely filed, following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period.** Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

**MAILING LIST.** In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices for this specific application by sending a written request to the Office of the Chief Clerk at the address below.

**AGENCY CONTACTS AND INFORMATION.** Public comments and requests must be submitted either electronically at [www14.tceq.texas.gov/epic/eComment/](http://www14.tceq.texas.gov/epic/eComment/), or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from H. B. Fuller Company, 300 South 6th Avenue, Mansfield, Texas 76063-2306 or by calling Ms. Dannelle Belhatche, Braun Intertec Corporation at (713) 491-2629.

#### Notice for Publication

NOTICE OF APPLICATION OF CITY OF FORT WORTH TO AMEND ITS CERTIFICATE OF CONVENIENCE AND NECESSITY AND FOR DUAL CERTIFICATION WITH THE CITY OF HURST TO PROVIDE WATER UTILITY SERVICE IN TARRANT COUNTY, TEXAS

City of Fort Worth has filed an application with the Public Utility Commission of Texas to amend its water Certificate of Convenience and Necessity (CCN) No. 12311 and for a dual Certification with the City of Hurst CCN No. 10104 for the provision of retail water utility service in Tarrant County, Texas.

The requested area overlaps the district boundaries of Trinity River Authority of Texas. If this district do not request a public hearing, the Commission shall determine that the district is consenting to the City of Fort Worth's request to provide retail water utility service in the requested area.

The requested area includes Q customer connections, is located approximately 1.8 mile(s) southwest of downtown Hurst, Texas, and is generally bounded on the north by Central Park Drive; on the east by Well Springs Drive; on the south by Trinity Boulevard; and on the west by Interstate Highway 820.

The requested area includes approximately 1.1 acres of dual certificated area with City of Hurst (CCN No. 10104).

The application proposes the addition of approximately 1.1 acres to City of Fort Worth (CCN No. 12311).

1.1 acres will be dual certification between City of Fort Worth (CCN No. 12311) and City of Hurst (CCN No. 10104).

A copy of the maps showing the requested area are available at: 200 Texas Street Fort Worth TX 76102

Persons who wish to intervene in the proceeding or comment upon action sought should contact the Public Utility Commission, P.O. Box 13326, Austin, Texas 78711-3326, or call the Public Utility Commission at (512) 936-7120 or (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136. The deadline for intervention in the proceeding is (30 days from the mailing or publication of Notice, whichever occurs later, unless otherwise provided by the presiding officer). You must send a letter requesting intervention to the commission which is received by that date. The letter must include the person's name, address, email address and fax number if applicable.

If a valid public hearing is requested, the Commission will forward the application to the State Office of Administrative Hearings (SOAH) for a hearing. If no settlement is reached and an evidentiary hearing is held, SOAH will submit a recommendation to the Commission for a final decision. An evidentiary hearing is a legal proceeding similar to a civil trial in state district court.

A landowner with a tract of land at least 25 acres or more, that is partially or wholly located within the requested area, may file a written request with the Commission to be excluded from the requested area ("opt out") within (30 days from the date that notice was provided by the Utility. All opt out requests must include a large-scale map, a metes and bounds description of the landowner's tract of land, landowner's name, address, email address and fax number, if applicable. Notice Form Updated: June 9, 2023

# JOHNSON

should try and make.”

TCU had a positive drive to start the second half, but Hoover almost turned it over again as he was sacked on third down.

It was just that type of night for the quarterback. TCU had a chance to make it interesting after getting to the Texas 2-yard line late in the third quarter, but Hoover’s third and fourth down pass attempts weren’t close to being completed as TCU squandered a chance to get back in the game.

Hoover settled down and played better in the fourth quarter as he completed big play after big play. After just one completion of over 15 yards in the first quarter, Hoover had four in the second half, but it was too little too late.

He finished the game 24 of 36 for 302 yards, two touchdowns and the costly interception.

## ELITE PLAYMAKERS

Big time players make big time plays in big time games is the saying and all of Texas’ talented play-makers lived up to it. The trio of Xavier Worthy, Jonathon Brooks and Ja’Tavion Sanders were on a different level than the TCU defenders matched up against them.

Josh Newton drew the Worthy assignment and struggled with the individual matchup. Worthy had eight catches for 120 yards in the first half alone.

Whether it was deep vertical shots or quick passes underneath Texas coach Steve Sarkisian did an excellent job of finding different ways to get the ball to the fastest player on the field. TCU had no answer for the All-American who finished with 10 catches for 137 yards.

Brooks hurt TCU as a runner and receiver as the league’s leading rusher accounted for 181 total yards. After TCU briefly took a 3-0 lead Brooks answered by taking a

screen pass 73 yards to the TCU 2. He walked in from two yards out on the very next play.

Brooks left the game in the second half with an injury, but still finished with 104 yards on 21 carries.

Sanders was a problem in the middle of the field for the TCU defense as he converted a number of crucial third downs like when Texas was facing a 3rd-and-12 and Ewers hit Sanders for a contested catch for almost 20 yards. Ewers hit Sanders again on the same drive for a 18-yard gain that helped set up a touchdown. Sanders showed why he’s the best tight end in the Big 12 as he finished with four catches for 42 yards.

Ewers, who returned to the field after missing the last two games because of injury, completed 22 of 33 passes for 317 yards.

## BAILEY, WILLIAMS SHINE

There were a few brights for the Horned Frogs against the Longhorns including the play of receiver Savion Williams. The hope coming into the season was Williams would emerge as the team’s No. 1 option, but he had not produced like an elite receiver until Saturday.

In the first half Williams set a career-high with seven receptions and 82 yards.

In the second half Williams made a huge play as took a short catch underneath, raced up field and hurdled a defender for a 42-yard gain that would set up TCU’s first touchdown of the night. He then added his sparkling offensive plays in the fourth quarter as TCU rallied. He finished with 11 catches for 164 yards.

“He’s just been getting me the ball, ever since the first game,” Williams said. “That’s really where it started. When he was getting me the ball in the

first half it started a spark and it just kept going.”

Emani Bailey finished the drive off and was TCU’s best offensive option in the second half. On that same drive Bailey bounced out to the right, planted his foot and cut up field for a 17-yard touchdown that made it a two score game at the beginning of the fourth quarter.

The touchdown run took Bailey over the 1,000-yard mark and gave TCU a chance for a potential comeback.

Bailey had 21 rushes for 98 yards.

“He’s one of those guys that’s going to pound the rock and run tough,” Hoover said. “He means a lot to us and we wouldn’t be the same offense without him.”

## CRUCIAL MISTAKES

The Horned Frogs made plenty of mistakes against the Longhorns, but none was bigger than one play near the end of the first quarter. With Texas leading 7-6, Quinn Ewers launched a deep pass to Xavier Worthy that was underthrown and picked off by Millard Bradford.

The safety eluded numerous tackles for a fantastic return, but as he crossed midfield and got deeper into Texas territory he was stripped by Jordan Whittington and the Longhorns were able to fall on the fumble. Two plays later Ewers went back to Worthy on the same play and this time it wasn’t under thrown as the speedy receiver picked up 45 yards.

The Longhorns only added a field goal, but the sequence summed up TCU’s season. A great individual play turned into a backbreaking sequence.

“We talk all the time with our players is when a defensive player picks off a pass or picks up a fumble, the offense is going to try and strip them,” Dykes said. “They’re not used to carrying the football. It’s a conversation we have all the time and you’ve got to give Texas credit.”

Steven Johnson:  
@StevenMJohnson\_

TCU wide receiver Savion Williams (3) hurdles a Texas defender during the Big 12 game at Amon G. Carter Stadium on Saturday.

FROM PAGE 1B

# WILLIAMS

Frogs looking to help replace the void that was left when Quentin Johnston and Derius Davis declared for the NFL Draft.

Williams did just that against Texas and had a simple reason for his success.

“Him [Hoover] just getting me the ball,” said Williams, “He started

getting the ball to me in the first half and it started like a spark that got me going in the first half and then it just picked up.”

Williams’ 42-yard catch with a little under a minute left in the third quarter led to TCU’s first touchdown and jump-started the offense which made a furious comeback attempt

FROM PAGE 1B

# BROOKS

he’ll work extremely hard in his recovery, get back to full speed as soon as he can, and we will be there by his side supporting him through all of that.”

The injury sidelined Brooks for the remainder of the season but it has now clouded his status for the 2024 NFL Draft.

He had 21 carries for 104 yards and two scores while adding three catches for 74 yards before leaving the game.

Brooks, a redshirt sophomore in his first season

as a starter, ranks second in the Big 12 in rushing with 187 carries for 1,158 and 10 touchdowns though 10 games.

He has not yet declared for the NFL Draft.

But his stock has soared since the beginning of the season.

Some pundits had projected him as the first running back coming off the board if he chose to go the NFL.

Now, it’s all in jeopardy — his draft hopes as well as a key piece of the Texas

offense heading into the final two games of the regular season.

Texas will lean on freshman CJ Baxter and sophomore Jaydon Blue to power the running game the rest of the way.

The Longhorns play at Iowa State Saturday and will finish up at home against Texas Tech.

Texas is alone in first place atop the Big 12 and could still potentially get to the conference title game with one loss.

A setback would kill their playoffs hopes.

**Amended Notice of Public Meeting for a New Municipal Solid Waste Facility Registration Application No. 40335**

**Application.** BAP Kennor Landfill, LLC has applied to the Texas Commission on Environmental Quality (TCEQ) for proposed Registration No. 40335 to construct and operate a Type V municipal solid waste recycling facility. The proposed facility, BAP Kennor C&D Recycling Facility, will be located at 3411 Silver Creek Road, Fort Worth 76108, in Tarrant County. The applicant is requesting authorization to store and recycle construction and demolition waste materials. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcgis/OU5a11>. For exact location, refer to application.

**Alternative Language Notice/Aviso de Idioma Alternativo.** Alternative language notice in Spanish is available at [www.tceq.texas.gov/goto/mswapps](http://www.tceq.texas.gov/goto/mswapps). El aviso de idioma alternativo en español está disponible en [www.tceq.texas.gov/goto/mswapps](http://www.tceq.texas.gov/goto/mswapps).

**Public Comment/Public Meeting.** A public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Responses will be provided orally during the Informal Discussion Period. During the Formal Discussion Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all formal comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address.

**The Public Meeting is to be held:**  
**Tuesday, December 5, 2023 at 7:00 PM**  
**Brewer High School Auditorium**  
**1025 W. Loop 820 North**  
**Fort Worth, Texas 76108**

**Executive Director Action.** If the executive director acts on this application, the chief clerk shall mail or otherwise transmit notice of the action and an explanation of the opportunity to file a motion to overturn the executive director's decision. Any person may file a Motion to overturn the executive director's decision in accordance with 30 Texas Administrative Code Section 50.139. The chief clerk shall mail this notice to the owner and operator, the public interest counsel, to adjacent landowners as shown on the required land ownership map and landowners list, and to other persons who timely filed public comment in response to public notice.

**Information.** Citizens are encouraged to submit written comments anytime during the public meeting or by mail before the close of the public comment period to the Office of the Chief Clerk, TCEQ, Mail Code MC-105, P.O. Box 13087, Austin, Texas 78711-3087 or electronically at <https://www14.tceq.texas.gov/epic/eComment/>. If you need more information about the permit application or the permitting process, please call the TCEQ Public Education Program, toll free, at 1-800-687-4040. General information can be found at our Web site at [www.tceq.texas.gov](http://www.tceq.texas.gov). Si desea información en Español, puede llamar al 1-800-687-4040.

The registration application is available for viewing and copying at the White Settlement Library, 8215 White Settlement Road, Fort Worth, Texas 76108 and may be viewed online at <https://parkhill.com/tceq-permits/>. Further information may also be obtained from BAP Kennor Landfill, LLC at the address stated above or by calling Mr. Tom Noons at (469) 691-1380.

Persons with disabilities who need special accommodations at the meeting should call the Office of the Chief Clerk at 512-239-3300 or 1-800-RELAY-TX (TDD) at least five business days prior to the meeting.

**Notice for Publication**  
NOTICE OF APPLICATION OF CITY OF FORT WORTH TO AMEND ITS CERTIFICATE OF CONVENIENCE AND NECESSITY AND FOR DUAL CERTIFICATION WITH THE CITY OF HURST TO PROVIDE WATER UTILITY SERVICE IN TARRANT COUNTY, TEXAS

City of Fort Worth has filed an application with the Public Utility Commission of Texas to amend its water Certificate of Convenience and Necessity (CCN) No. 12311 and for a dual Certification with the City of Hurst CCN No. 10104 for the provision of retail water utility service in Tarrant County, Texas.

The requested area overlaps the district boundaries of Trinity River Authority of Texas. If this district do not request a public hearing, the Commission shall determine that the district is consenting to the City of Fort Worth's request to provide retail water utility service in the requested area.

The requested area includes Q customer connections, is located approximately 1.8 mile(s) southwest old downtown Hurst, Texas, and is generally bounded on the north by Central Park Drive ; on the east by Well Springs Drive; on the south by Trinity Boulevard; and on the west by Interstate Highway 820.

The requested area includes approximately 1.1 acres of dual certificated area with City of Hurst (CCN No. 10104).

The application proposes the addition of approximately 1.1 acres to City of Fort Worth (CCN No. 12311).

1.1 acres will be dual certification between City of Fort Worth (CCN No. 12311) and City of Hurst (CCN No. 10104).

A copy of the maps showing the requested area are available at: 200 Texas Street Fort Worth TX 76102

Persons who wish to intervene in the proceeding or comment upon action sought should contact the Public Utility Commission, P.O. Box 13326, Austin, Texas 78711-3326, or call the Public Utility Commission at (512) 936-7120 or (888) 782-8477. Hearing- and speech-impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136. The deadline for intervention in the proceeding is (30 days from the mailing or publication Of notice, whichever occurs later, unless otherwise provided by the presiding officer). You must send a letter requesting intervention to the commission which is received by that date. The letter must include the person's name, address, email address and fax number if applicable. If a valid public hearing is requested, the Commission will forward the application to the State Office of Administrative Hearings (SOAH) for a hearing. If no settlement is reached and an evidentiary hearing is held, SOAH will submit a recommendation to the Commission for a final decision. An evidentiary hearing is a legal proceeding similar to a civil trial in state district court.

A landowner with a tract of land at least 25 acres or more, that is partially or wholly located within the requested area, may file a written request with the Commission to be excluded from the requested area ("opt out") within (30) days from the date that notice was provided by the Utility. All opt out requests must include a large-scale map, a metes and bounds description of the landowner's tract of land, landowner's name, address, email address and fax number, if applicable.

**PUBLIC NOTIFICATION FOR FLOOD HAZARD REVISIONS**

The City of Fort Worth Engineering Department in accordance with National Flood Insurance Program regulation 65.7(b)(1), hereby gives notice of the city's intent to revise the flood hazard information, generally located east of interstate 35W and North of Alliance Gateway Freeway. Specifically, the flood hazard information shall be revised along Stream HEN-6 from the confluence with Henrietta Creek to approximately 2,500 feet upstream of Keller Haslet Parkway.

As a result of the revision, the floodway shall be established, the 1% annual chance water-surface elevations shall be established, and the 1% annual chance floodplain shall widen and narrow within the area of revision.

Maps and detailed analysis of the revision can be reviewed at the city of Fort Worth at 200 Texas St, Fort Worth, Texas 76102. Interested persons may call Lisa Biggs at 817-392-2446 for additional information from November 13th to November 20th.
