I am NOT requesting to intervene in this proceeding. As a PROTESTOR, I understand the following:

- I have no further obligation to participate in the proceeding.

Please check one of the following:

- ☒ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- ☐ One or more of the utility's proposed routes would cross my property.
- ☐ Other. Please describe and provide comments. You may attach a separate page, if necessary. _____

The transmission lines down Trail Creek will negatively impact the city of Justin as a whole - especially the new Justin City center.

It will impact our property resale value and the appeal of living in Justin - where there is green space and country living near the city.

It will also negatively impact the health of my family, including my children. We use Bishop's Park and Justin Community Park often as a family, enjoying the nature created by the canopy of trees. The lines would ruin the appeal of these parks.
