RE: Project 55067-Ramhorn Hill Switch- Dunham Transmission Line in Denton and Wise Counties

To Whom this May Concern,

The City of Fort Worth, Park & Recreation Department (PARC) has concern with the proposed location of the Oncor utility line concept which traverses Harriet Creek Ranch Park. PARC requests the current configuration be relocated into the Right-of-Way (ROW) of Elementary Drive and not in parkland.

If this relocation request cannot be accommodated, the line shall be an underground utility and an easement fee will be charged. Fee for the easement will be based off of a Fair Market Value Appraisal (FMVA) for the park land use. An above ground utility is not an option.

Thank you for your understanding of the importance of open land for unstructured recreation purposes.

Sincerely,

Lori Gordon
Planning Manager
