**I am requesting to intervene in this proceeding. As an INTERVENOR, I understand the following:**

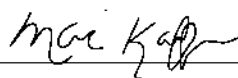

- I am a party to the case;
- I am required to respond to all discovery requests from other parties in the case;
- If I file testimony, I may be cross-examined in the hearing;
- If I file any documents in the case, I will have to provide a copy of that document to every other party in the case; and
- I acknowledge that I am bound by the Procedural Rules of the Public Utility Commission of Texas (PUC) and the State Office of Administrative Hearings (SOAH).

**Please check one of the following:**

- ☒ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- ☐ One or more of the utility's proposed routes would cross my property.
- ☐ Other. Please describe and provide comments. You may attach a separate page, if necessary.

We closed on our new house here in Justin today. Our property backs up DIRECTLY to the proposed route. To say we are disappointed is an understatement. One of the biggest reasons we purchased this property was so we'd back up to this STUNNING green belt. We knew it was owned by the City of Justin, so our hope was that if ever developed maybe it would be a beautiful walking path to the park or the new Justin Town Center. NOT a MASSIVE powerline. There are other routes FAR less intrusive. Please choose another route less disruptive to the City of Justin and it's residence.
