I am requesting to intervene in this proceeding. As an INTERVENOR, I understand the following:

- I am a party to the case;
- I am required to respond to all discovery requests from other parties in the case;
- If I file testimony, I may be cross-examined in the hearing;
- If I file any documents in the case, I will have to provide a copy of that document to every other party in the case; and
- I acknowledge that I am bound by the Procedural Rules of the Public Utility Commission of Texas (PUC) and the State Office of Administrative Hearings (SOAH).

Please check one of the following:

- ☒ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- ☐ One or more of the utility's proposed routes would cross my property.
- ☒ Other. Please describe and provide comments. You may attach a separate page, if necessary.

1) Transmissio Towers Request to Intervene in PUC Docket #55067

Comments & Concerns

- 1) Pond next to my home. So much wild life & unique migratory birds. This is the only green space in our area. We specifically built our home on this pond after having 2 open heart surgery.
- 2) We raise egg layer hens for food for our entire family. (14 grandchildren)
- 3) We are folks that stay out in our yard and now w/ the high voltage lines may affect my autoimmune (MS) disease.
- 4) There is an 8" gas pipeline and was told you cannot put wires with so much voltage can destroy a large gas pipeline and put us in jeopardy.

I understand the line have to go somewhere but there are several options that don't negatively impact our small community.

Thank You

7 chickens - food source

Park

Living Birds come from the North and South
and stop in to the Pond. Egrets, Gray Heron, White Great
Heron, Snowy Egrets, Gulls, cows. Horses Donkeys nearby
Red Tail Hawk We take walks in the open space. Fresh Air
It's our Park - and Pond. Please Do Not take our park/pond
Saw Beaver in the brush near Pond.

Representative let us know these aren't for
Justin's residential area. +

It for the Industry.

Take it to the Industrial Buildings where
it's needed.

Think of your responsibility to people, families
and animals. We live here.

You don't live in business buildings!

Choose routes near Industries, warehouses &
highways. Your towers with powers are
invasive to human lives
