I am requesting to intervene in this proceeding. As an INTERVENOR, I understand the following:

- I am a party to the case;
- I am required to respond to all discovery requests from other parties in the case;
- If I file testimony, I may be cross-examined in the hearing;
- If I file any documents in the case, I will have to provide a copy of that document to every other party in the case; and
- I acknowledge that I am bound by the Procedural Rules of the Public Utility Commission of Texas (PUC) and the State Office of Administrative Hearings (SOAH).

Please check one of the following:

- ☐ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- ☐ One or more of the utility's proposed routes would cross my property.
- ☒ Other. Please describe and provide comments. You may attach a separate page, if necessary.

Oncor's proposed route for these transmission lines will negatively impact the quality of life for all Justin residents, not merely those living in the neighborhoods these lines are slated to pass through or border. All Justin property values will suffer, and the blight these lines as proposed will cause could significantly affect our community forever. I support the City of Justin's proposed, preferred routes.
