I am requesting to intervene in this proceeding. As an INTERVENOR, I understand the following:

- I am a party to the case;
- I am required to respond to all discovery requests from other parties in the case;
- If I file testimony, I may be cross-examined in the hearing;
- If I file any documents in the case, I will have to provide a copy of that document to every other party in the case; and
- I acknowledge that I am bound by the Procedural Rules of the Public Utility Commission of Texas (PUC) and the State Office of Administrative Hearings (SOAH).

Please check one of the following:

☒ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.

☐ One or more of the utility's proposed routes would cross my property.

☐ Other. Please describe and provide comments. You may attach a separate page, if necessary.

Building transmission lines next to and through pre-existing residential homes is unacceptable! Doing so would destroy both the home value and...

The natural view of Justin residents. There are significant reasons to believe transmission lines this close could have a negative impact on health and they certainly have a negative impact on the community aesthetic and small town feel. In every single aspect these lines would harm and damage our lives here and in no way benefit anyone in our community. Harming this community that my wife and I chose to start and raise our family in would be an evil and despicable act. Build your transmission lines elsewhere.
